

The Russians are Coming, but I Ain't Scared !!!– It's All Lies from the Democrats and the Media ! –Report and Evaluation by Robert A. Williams

Remember all those democrats, movie stars and media folks who said they would leave the country if Donald Trump was President? Well, Trump is President and they didn't leave the country. They are all proven liars, so why would you believe them now???

All you hear these days from "Dumb-ocrats" and the mainstream media (one and the same) is the Russians influenced our 2016 Presidential Election to help the rich Republican Donald Trump win the Presidency over poor ole Democrat Hillary Clinton. Now you hear that all the information the Russians were supposed to have hacked and released was FALSE information.

False information says Senator Mark Warner from Virginia on Sunday's dumb-ocrat TV program Face the Nation. What false information??? was my first thought.

I have been a long time believer that the last thing America needs is another Clinton in the White House. Bill Clinton was bad enough with all his sex scandals. Bill Clinton was rightly impeached but was not removed from office because of dumb-ocrats like North Carolina Senator John Edwards. We all know how John Edwards turned out. He was just about as big a liar as Bill and Hillary Clinton.

Then Barack Obama came along and out-plied Hillary Clinton in

the dumb-ocrat primary in 2008. The black vote carried Obama over Hillary Clinton, then John McCain in 2008 and Mitt Romney in 2012. But the Obama lies about Obamacare and everything else caused the dumb-ocrat party to lose 1,042 local, state and federal offices in 2010, 2014 and 2014. Remember Dumb-ocrat NC Senator Kay Hagan and how we got rid of her in 2014.

Also remember the 2016 Dumb-ocrat primary when Dumb-ocrat National Chairman Debbie Wasserman-Shultz got caught favoring Hillary Clinton over Bernie Sanders and was fired. The interim Dumb-ocrat National Chairman Donna Brazile got caught at the same thing and then got caught lying about it on National News. Only after Donald Trump beat Hillary Clinton for President did Donna Brazile admit that she had fed Hillary Clinton debate questions, but followed up by saying if she had it to do over again, she would have done the same thing. Donna Brazile was one of the first to come out with the story that the Russians had hacked her emails and put them out for all to see. The Russians had done her and Hillary Clinton in.

As for me, there is nothing I heard or read that came from Russia that caused me to vote for Donald Trump over Hillary Clinton. Cleveland County overwhelmingly voted for Donald Trump too. I would hazard to say that nothing Russia did affected us folks here in Cleveland County to vote for Donald Trump over Hillary Clinton. We voted for Donald Trump because we believed Trump was the best candidate. And for what President Trump has done in his first forty days, we all still believe we voted for the right candidate.

I would also say that, as I remember, all the negative stories conjured up against Donald Trump have turned out either false or unimportant. Also, as I remember, all the stories from hacked emails attributed to Russian hackers, related to Hillary Clinton have turned out to be true. The failure at Benghazi and the phony story that some American movie had caused the "uprising" that was in fact a planned terrorist attack. Four Americans died at Benghazi and Hillary Clinton

waited at the airport when their bodies were returned to lie to the families of those killed. The Clinton Foundation that is most likely a front for bribery and collusion. The list goes on and on.

But the fact remains that all of Hillary's emails hacked from her illegal server (that she tried to illegally erase clean) in the end turned out to be accurate and true.

So, if Russia illegally hacked an illegal server and turned the truth loose in America, I say good for Russia. Thank you Russia, America needs to hear the truth about candidates running for political office. I would ask the Russians to hack the emails of Cleveland County Commissioners as well as the Cleveland County School Board. I have asked for those documents and legally they have to provide them. But they don't provide them. As far as I am concerned, I would just as well deal with Russian President Vladimir Putin and the KGB as CCS Board Chairman Phillip "Bully" Glover and his cronies.

Folks, this is an Election Year for the School Board. Let's get rid of Bully and his crew, with or without help from Russia.
