

Some Claim Massa Eddie Holbrook has been Good for Cleveland County?? That Depends on Where your Children Play Ball !!! Report by Robert A. Williams

The say a picture is worth a thousand words. In this case I agree.

Commissioner Massa Eddie Holbrook sycophants claim Massa Eddie has been the best thing for Cleveland County. If your kids are boys at Shelby High School, they get to play on a baseball field where Massa has funneled untold \$millions into. But the girls at Shelby high School don't get to play on that field. Or anybody else from Cleveland County. A picture of the SHS Ball field is shown below.

Now, if your kids go to Fallston Elementary School, they get to play in the muddy water as well as plenty of mud. A picture

of the Home Plate at the ball field at Fallston Elementary is shown below. Standing in water and mud after days and days of sunny weather. This is what you get when Massa Eddie Holbrook is in charge. Look at these pictures before you go vote in the Democrat Primary Election on Tuesday May 8, 2018. Holbrook brings the gold to Shelby. Everybody else gets the mud.

This is how to get equal facilities and fair play in Cleveland County!!!
