

Breaking News!!! NC Speaker of the House-Tim Moore Invites President Donald Trump to Deliver State of the Union address In Raleigh!!! Report by Robert A. Williams

This title speaks for itself. [>NC Speaker of the House-Tim Moore Invites President Donald Trump to Deliver State of the Union address In Raleigh!!!](#) The invitation suggested that the President's speech could be delivered in the House Chamber in the NC Statehouse.

No wonder the Democrats and Fake News folks don't like Tim Moore. Almost as much as they don't like President Donald Trump. That is why we re-elected Tim More in 2018 and will re-elect both Tim Moore and Donald Trump in 2020.

Tim Moore stated in his invitation letter to President Trump, "I also believe taking your message outside of the nation's gilded capital to a state government venue reflects the priorities of your administration, and those of our Congress, to create success not only for federal institutions and programs but for the American people they serve."

You go Tim!!!
