Asha Degree Found!!??? Police Scanner Report forwarded by Robert A. Williams

Last night, Tuesday, September 17, 2019, around 10:30PM the Police Scanner traffic lit up around Cleveland County. The Sheriff's Department was calling for Sheriff Alan Norman or one of the highest-ranking Deputies to come immediately to the Sheriff's Department. The transmission continued saying that a woman was at the Sheriff's Department calling for the Sheriff or a top ranked Deputy so she could give information regarding Asha Degree. And she was not leaving until she had spoken to the proper authorities. Multiple people who listen to Police Scanner Traffic heard this transmission.

Sheriff Norman, please report back with information about this police scanner transmission and any related investigation and findings. The people of Cleveland County want to know.

Thanks

Robert A. Williams
