

Cover-up and another Cover-up??? Two Cover-ups that may be related!!? Regarding Red Bridges BBQ Owner!? School Board member Phillip “Bully” Glover And Commissioner Doug Bridges!! Gossip Reports and Police Reports by Robert A. Williams

Upon my information and belief, Debbie Bridges Webb is the Owner of Red Brides BBQ. Commissioner Doug Bridges is the Manager of Red Bridges BBQ and to my information and belief, Doug Bridges and Debbie Bridges Webb are NOT related. Also, to my information and belief, Chase Webb is the son of Debbie Bridges Webb and Chase Webb has recently been charged with very serious drug related criminal charges.

Today, I received an email message from “Grass Trees,” whom I have no idea who this person is, that stated”

Subject: Cover-up

Why don't you check into what has happened to the charges against Chase Webb, son of Red Bridges BBQ owner? He was charged with several drug offenses in December. Just this week thousands of dollars of stolen goods were found in the building behind the business. No charges for that and nothing in the news.

Also, a few days ago, a trusted source told me that:

School Board member and former School Board Chairman Phillip "Bully" Glover had called Debbie Bridges Webb, owner of Red Bridges BBQ some time ago demanding that her employee, County Commissioner Doug Bridges had better STOP attending School Board meetings. And Doug Bridges has stopped attending School Board meetings.

I can verify that Commissioner Doug Bridges has stopped attending school board meetings for some time now.

Also, it has been alleged, without dispute, that School Board Chairman Shearra Miller notified Commissioner Chairman Susan Allen demanding that Commissioner Doug Bridges as well as Commissioner Deb Hardin NOT attend any more School Board meetings. Deb Hardin has, for the most part continued to attend School Board meeting.

This message is also sent to Sheriff Alan Norman and Shelby Police Chief Jeff Ledford as well as District Attorney Mike Miller, Board of Elections Director Clifton and North Carolina Attorney General Josh Stein as an official complaint of potential serious criminal acts with the expectation that these allegations be fully investigated by the appropriate agencies and that criminal charges be brought as appropriate. Please notify me if I need to come by your offices and sign any paperwork to initiate this investigation and subsequent prosecutions.
