Notice—Everybody Against Child Sexual Abuse— Come to Feb 10th 2020 School Board meeting!!! Bring all your family and Preachers Too!!! Fill UP the place!!! “When you can’t make them see the light, Make them feel the heat!!!” Invite by Robert A. Williams and all those who have called me.

So-called “former” CCS Teacher Daniel Joseph Dyer is hopefully the last in the long line of Cleveland County School Teachers that have been caught and charged with sexual crimes against children. And the School Board has let them resign. There is another long line of teachers caught by CCS, but NOT turned over to law enforcement for prosecution. Their crimes have been covered-up and they are also allowed to resign so they can go somewhere else to teach and do their sexual predator thing at a new school. There are probably more that have escaped justice than those that have been prosecuted. And then, there is the Bathroom law that CCS did not defend or enforce.

Now, Folks. I have been asked to pass the word around Cleveland County for people that are fed up with this kind of mess and it is time to show the Cleveland County School Board

that the county is sick of it. The plan is to come to the next School Board meeting and fill the place up with people that want our children protected at school and outside of school. And the perpetrators punished.

On lady told me it is like President Ronald Reagan once said **“if you can’t make them see the light-make them feel the heat!!!”** After watching the CCS School Board for all these years, it is going to take a lot of heat to make them do what is right!! The kind of heat that an election brings down upon their heads.

This is the understanding the good people of Cleveland County have impressed upon me to say,

“If you are not a part of the Solution, YOU are a part of the Problem!!!”

“When YOU can’t make them see the light, MAKE them feel the HEAT!!”

I am convinced this is the right approach. It is Biblical and it is in accordance with the US Constitution. So, all you Preachers of the Gospel, YOU are invited too. Red and Yellow, Black and White-Pastors, Congregations, Good People everywhere, show up in support of this message to the School Board that we want our children taught, and not “tasted” by the perverts. No matter what the persuasion.

Also folks, Preachers, Teachers, Doctors, Lawyers, Indian Chiefs and everybody else. We will be taking notice of who is there and taking MORE notice of who is NOT there. The good people of Cleveland County demand to know who is for and against them in protecting their children from bad things. They want to see the Sheriff, the District Attorney, the Commissioners and their friends and neighbors stand up for what is right.

The Next School Board Meeting is Feb. 10, 2020 at 6:00 PM at

CCS Central Services Offices at 400 West Marion Street. (The old Shelby High School)

Anybody that wants to speak at this meeting needs to get there a bit before 6:00 PM to sign up.

If the School Board cares about anything, they will add this discussion to the meeting agenda so everybody that wants to speak, can speak. If they won’t, maybe we should just speak out anyway. No jury would convict a well-meaning person of wanting to speak to the School Board. Only a fool DA would prosecute a speaker anyway. Don’t be afraid to speak up for wanting to defend and protect your children.

If the School Board wants to arrest anybody. Let them arrest ME. I can and will take the “heat” for a just cause.

See all y’all next Monday Night.
