Commissioners Doing Away with Rescue Squads!!!??? Lead by Commissioners Johnny Hutchins and Ronnie Whetstine!! And County Manager Brian Epley—According to Sources!! Citizens and EMS Employees Want Answers!!! $100 reward to anyone who can find the answer to my simple question!!! Report reprinted from Comment to article by Robert A. Williams

A Source reported:

There seems to be so much corrupt with the EMS these days! Who knows? Things that you may not know, Brian Epley and Ryan Wilmoth are trying to shut-down all the Rescue Squads.

There have been two meetings so far this year to come up with a solution. The concerns I have is how can the county pick up the amount of calls the rescue squads currently run. If they want to use the idea of putting on more trucks—that's a joke. That would cost more money the county does not have. I know for a fact that Johnny Hutchins and Whetstine were both in the

last meeting that was in Brian Epley's board room.

Please help dig this dirt up. The rescue squads have a lot of good employees that would be out of work if this would take place. The county can say they would hire them but that is false they will not due to past employment or they can't pass the MedPat test (Medic Physical Ability Test (MEDPAT) the county requires.

Editor's Note: I have put a call to County Manager Brian Epley in regard to this report. As yet I have no reply. If I hear anything, one way or another, I will provide that information as soon as I get it.

Also note that when I called the County Manager's Office and asked the staff whether or not the County was going to do away with the various Rescue Squads, the person I talked to had not heard anything about this.

Therefore, and if my sources who have been 100% accurate so far are again correct, this is another "secret scheme" that the Commissioners have been keeping from the public.

Folks, if you hate secret schemes as much as I hate secret schemes, the "fix" is clearly obvious. Vote in the 2020 Republican Primary Election as shown below!!!

Part II:
After my call to County Manager Brian Epley, which was not returned, I sent the above draft article to the Commissioners and Brian Epley that stated:

"Subject: County Doing away with Rescue Squads??? Please confirm or deny by close of business today

Please confirm or deny whether or not the county is planning to do away with the County Rescue Squads? Otherwise, I will publish this article as is.

Also, please provide any comments that you would like to add

to this report I received today.

Thanks, Robert A. Williams”

This Morning I received a message from County Manager Brian Epley which stated:

“Good Morning Mr. Williams,

Please see attached letter.

Have a wonderful day.

Brian Epley”

The “attached Letter” is provided at the end of this article.

Please note that I could NOT find ONE WORD in the County Manager’s attached letter that answered my questions or even mentioned Commissioners Johnny Hutchins and Ronnie Whetstine’s role in this unfolding scandal. My question was simple and there was no answer to my simple question in Epley’s reply. A clear example of Epley using the age-old cover-up trick; “When you can’t dazzle them with brilliance, baffle them with Bullshit.” Epley, Hutchins and Whetstine are surely laying on the “bullshit” thick, because there ain’t no “brilliance” to be found in Epley’s letter.

Also, folks, maybe I missed something? So, here is another offer of a $100 reward for the first person who can find an answer to my question in County Manager Brian Epley’s response. A response that is clearly tailored to try to coverup for Commissioners Hutchins and Whetstine. And, don’t forget this. I copied ALL the Commissioners with my question. Neither Hutchins. Whetstine, Susan Allen or anybody else provided a response.

In the meantime, my guess that all this is a planned and “secret scheme” to cover-up for the Commissioners doing something stupid with the rescue squads seems right on the

money. So, my suggested response at the ballot box in the 2020 Republican Primary Elections is right on the money too. The Sample Ballot shown below will cure what ails the Cleveland County Commissioners. It is time for this kind of change. No more wishing and hoping for this band of nit-wit commissioners to see the light. Let them feel the heat coming from the ballot box!!!

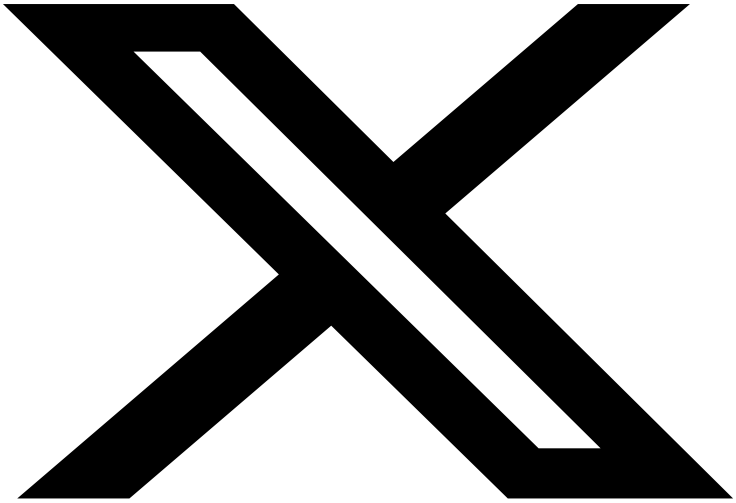

In the meantime, hopefully nobody dies because of these soon to be "former" County Commissioners fooling around with the Rescue Squad folks.
