Mr. Williams,

You have always not used my name so thank you. Please don't use my name on this one. You know everything I have sent is 100% correct. This is from a friend. She asks you to post it.

I hate it when people try and cover up their mistakes and let politics run their thinking.

Sheriff Alan Norman is covering up another hanging in the jail. Darren Riddle's life matters. He is on life support. Why hasn't Sheriff Norman Mr. transparent said anything.

Sheriff Norman can you answer why we get a supervisor who is caught on camera walking by the last man to die in the jail? He was being beaten to death as she didn't do her job by looking in and checking on him. Yes, Kayley Ballard has been promoted to supervisor. How does that happen? Sheriff Norman be transparent and show the video of her not checking on him.

Maybe one day people will realize Sheriff Alan Norman is all about looking good and getting pats on the back. Start asking him serious questions people. Enough is enough. People need to ask those who have left what is going on. Those there can't they are scared.

But Where is the Shelby Star in all of this? I am 10 miles away and they are across the street!!!

These are serious allegations and need an investigation. At least a full statement from Sheriff Alan Norman. Sheriff, please provide the facts to us. You will get all the "airtime" necessary to tell us what happened here.
