Unless "Charles Degree" is a registered Political Action Committee of some sort, with the proper registration and financial record keeping requirements, I believe that is against North Carolina Election laws.

I have also heard complaints that Mary Degree has already been accused of harassing early voters or other persons participating in "electioneering" to the point that the CCBOE Director has had to come out to intervene (re: Andrew Hopper a few years ago).
Please investigate and prosecute as appropriate. Also, please advise of your findings.

The news is that the 2020 Elections are being "interfered with" or some other voter fraud, mischief or mayhem is likely to occur. I believe it is imperative that the elections in Cleveland County be conducted in a fair and legal manner.

Thanks,

Rev. Dante Murphy suggest a defamatory lawsuit against Mary Degree should be filed.

It is regret that we have started to explore a defamation lawsuit pending the outcome of the election. Reports are confirmed that Mary Degree is on video telling voters that Ms. Davis is a Republican when she is in fact a registered Democrat.

This false narrative was created to cause harm to the candidate. Election officials should immediately seek an

injunction to bar Ms. Degree and any other known conspirators from polling facilities.

Second Official Complaint/Report of the unethical and potentially illegal acts of Mary Degree interfering with early voting at the LeGrand Center.

Clifton, Alan, Mike,

Since sending my original article, I have learned that today, Saturday, October 24, 2020, Mary Degree has enlisted a Boy Scout Troop to assist her in passing out her potentially illegal campaign flyers as well as to tell voters NOT to vote for Samantha Davis. Also, it was reported to me that Mary Degree herself as well as her Boy Scouts have interjected themselves between early voters and Samantha Davis's campaign volunteers in order to prevent Samantha Davis for School Board volunteers from having the opportunity of providing their own legally produced campaign material to those voters.

This is not only unfair, unethical and just plain low-down, but is interference in the election process. Interference that is intentional and apparently instigated by Degree's favored candidates-Shearra Miller, Richard Hooker and Roger Harris. I also suggest that if the "Paid For by Charles Degree" is in any way an Election Law violation, then a conspiracy between Mary Degree, Shearra Miller, Richard Hooker and Roger Harris, Charles Degree and perhaps others exist and that Conspiracy, which is a FELONY Crime no matter the severity of the underlying crime.

Such activity as Mary Degree has been carrying out, like the defamation lawsuit Rev. Dante Murphy has mentions, goes far beyond a defamation lawsuit. Perhaps it is grounds to disqualify the entire early voting process that was held at the Grand Center. A Federal lawsuit or injunction even.

> *Also, since Mary Degree has been doing this every day (ten days total) so far in the 2020 Cleveland County Early voting process without reprimand or ejection from the premises, one also has to conclude that Cleveland County government at every level is just as responsible as Mary Degree, Shearra Miller, Richard Hooker, Roger Harris, Curtis Pressley and perhaps others.*

Now, believe it or not, there is MORE!

Sources report that Mary Degree and her shenanigans at the Early Voting site in the LeGrand Center was paid for by School Board members Phillip "Bully" Glover and Richard Hooker. It is very likely that School Board members Shearra Miller and Roger Harris were also in on the unethical and probably illegal activity. Especially since Miller, Hooker and Harris are running for re-election and are desperate to win so they, Plus Bully Glover and Coleman Hunt can maintain a Democrat majority on the school board. It is also likely that Mary Degree may be being paid, not with actual cash money in her pockets, but with the promise that the School Board will keep her in a lucrative "situation" for Mary Degree-paid for by taxpayer funding.

So much for crooked Democrats who are trying to "steal" the School Board Elections.

This is how I would "fix" the School Board in the 2020 elections"
