

2020 Goes out with a Bang in Cleveland County!! 2021 Comes in with a bigger Bang!! New School Board “Majority” Elected and Sworn in! New Commissioner Majority Elected and Sworn in! More lawyers hired and NEW lawsuits filed or coming!!! CCS Teachers start petition drive to keep schools closed! Taxes to be raised! School Board Member Phillip Glover gets new nickname!! “Poodle” Report only by Robert A. Williams. No arguendo. No Gossip and no comments. Just the facts

Folks, this will be a relatively short article. It being New Year's Eve and all.

A new School Board Majority has been sworn in tn their

December 14th Meeting. The Shelby Star has begun the attack by taking up for CCS filing a three-million-dollar lawsuit against Sheriff Alan Norman as the New School Board fires the lawsuit lawyer.

Schools are set to reopen full time for K-4 on January 19, 2021. Rogue teachers, believed to be instigated by renegade School Board Member Phillip "Poodle" Glover are signing petitions to keep the schools closed. "Poodle" comes from Glover's days as a Highway Patrolman assigned to "chauffer" around former State Senator Walter Dalton. Don't know why "Poodle" was the nickname, but the 2020 Elections took away Glover's opportunity to "Bully" anybody anymore.

Cleveland County has hired a third lawyer. Martha Thompson. Just in time for a brand-new Federal Lawsuit against Cleveland County, Commissioners. Commissioner Doug Bridges and DSS Director Katie Sawyer individually and officially. For discrimination and retaliation. I might be a witness for the Plaintiff.

New School Board Majority to put Ten Commandments up inside school front door. Along with First Amendment. School Board Member Dena Green says wait until the ACLU hears about this. The Ten Commandments are already posted on back wall of Commissioner Chambers. For many years.

No word on the pending Federal Lawsuit against Commissioners, County Manager Brian Epley, former Health Department Director Dorothea Wyant and Sam Lockridge for sexual harassment. I might be a witness for the Plaintiff on this one too. Defendants already calling me a liar. I say, bring on the jury. Perhaps this one has been settled already.

The commissioners are going to raise your property taxes in 2021. They are calling it "re-evaluation" of your property but most of us will end up paying more taxes.

Cleveland Community College will begin teaching a Gunsmith

class in January. For \$125 you may learn how to make the parts to turn your AR-15 into a M-16. But Walmart will not sell you ammo anymore.

Happy New Year, All y'all.
