Part II–Comment to Speaker Tim Moore's Deputy Chief of Staff NOW New CCS School Board Attorney!! Political Payoffs??? – Bad Selection Process?? –You Decide!!! Coming Articles-Are children Safe from Teachers at CCS??? Comments Provided by Robert A. Williams

Note: Editor's: My telephone has been ringing off the hook ever since I published the original issue of this article. Just about every phone call has said almost exactly what the following emailed comment to me said. It is indeed regrettable that the NEW School Board Majority with their huge electoral win and public mandate could have turned so bad so quickly. I don't intend to give them, BJ et. al., an inch either. I am just as disappointed as everybody else.

Well Almost everybody else. I don't think anybody is as disappointed with the NEW School Board Majority as Ms. Suzan Parris. The mother of a handicapped autistic child who was assaulted by a teacher at North Shelby School and then abused and tortured by the Principal for thirty minutes after that. All the while the boy was bleeding profusely from a 6-inch gash in the back of his head and denied immediate medical attention. Suzan and her retained Licensed Private

Investigator, David Poston, have provided me with 100% of their records they provided to the NEW School Board this past Monday Night in a closed session. I have permission to publish every word and plan to do just that. Just as soon as my blood pressure calms down enough after reading the material. I Have concluded that it is not safe for any child to attend Cleveland County Schools under the present leadership. School Board AND staff. I believe YOU will agree with me as soon as I publish this information.

This is the gist of messages and calls regarding this subject article:

> *Looks like to me that Robert ("Baby Jesus" BJ for short) Queen is being a puppet for the college, (board) Tim Moore, NCDPI and Fisher, et al. That's why this Sink guy was hoisted upon them…nothing but cover up and trouble shooting. They can't afford any more negative publicity because of all their messes lately. Queen has become a caricature of what he's always claimed to despise.*
>
> *I also think he (BJ) is so afraid of not being on that board at CCC that he'll do anything they request of him to keep that seat. I haven't been to their meetings in over 6 years and even I can see what's being done. Keep at it and don't give them an inch! Their clean sweep wasn't a mandate to do the sweeping under the rug.*
