"This reporter wants to talk to as many CCS parents and staff as are willing to talk to him. He wants to do a piece on the issues at the school system."

I recommend you folks that have kids going to Cleveland County Schools and grandparents and taxpayers, contact Mr. Counts as soon as possible and tell everything you know about CCS. Also, fill Facebook up with what you know or have heard.

As for me, I will send Mr. Counts copies of my articles about the problems at CCS as I see them. YOU need to do the same.
