

“I want to slap your butt and twist your titties!!!” Burns Middle School (male) Teacher tells a female student!!! Report, Formal Complaint and comments provided by Robert A. Williams

Folks, I could have titled this article “Trouble in Paradise” because Cleveland County Schools administration is well known for hiding problems and publicly telling everybody how hard they work, how good their teachers are, and how well everything is going.

But, NOT this time!!! I have decided to tell it exactly how I heard it. YOU decide for yourselves whether or not YOU think Cleveland County Schools is a Paradise? Especially for young girl students at Burns Middle School. On the brink of womanhood and being told by a male teacher that “I want to slap your butt and twist your titties.”

I don’t know about you folks, but I think such a statement is lewd, crude, and totally inappropriate. At the best. And maybe even criminal. But surely not worthy of escaping the certain disciplinary actions that would be considered appropriate for such bad behavior from a Burns Middle School Teacher.

Please note that this article is intended to be a Formal Complaint and will be sent directly to the entire CCS School Board and CCS Superintendent Dr. Stephen Fisher for action. I have the teacher’s name and can identify the girl if the girl’s family has not already notified CCS about this vile

incident.

And, if CCS does nothing, I will notify the public about that too. I am sick and tired of a School system like CCS that has covered up so much for so long. Perhaps it is time to Recall our School Board and bring in a new set that will not tolerate such as this happening at CCS and Burns Middle School!!!

Stay tuned folks. This is only the beginning of CCS having to answer to the will of parents, taxpayers, and citizens.
