

Official Complaint to the Cleveland County School Board!!! Crest Middle School—Teachers and Staff Bullying Students!! Report and formal complaint by Robert A. Williams

Please Note that I have received several different Facebook Screen-shots of parents complaining about their children being bullied and locked in closets at Crest Middle School over the past week or so.

If the CCS Superintendent has NOT informed you of these complaints, then I will. And YOU are expected to take appropriate actions under your very own policies to do what is necessary to ensure that such inappropriate actions by CCS personnel is reported to YOU and that the appropriate disciplinary actions are taken such that the bad behavior is immediately stopped and the offenders are disciplined/punished accordingly.

YOU are also expected to ensure that such bad behavior at any other CCS School is also reported to YOU by the Superintendent and that YOU will directly ensure that ALL such bad acts are stopped immediately.

Each of YOU school board members are requested to reply to this complaint to document that this Complaint has been received and YOU will be looking in to this matter immediately.

Thanks,

Robert A. Williams

PS: Also note that my report to you that a female Burns Middle School student was told by a male Teacher that he “wanted to slap her butt and twist her titties” has not been acknowledged as received. If I am NOT contacted and updated on this report by this coming Monday, I will forward this as an official complaint to the Cleveland County Sheriff’s Office and the Cleveland County Department of Social Services. (I did copy the Sheriff’s Office, the District Attorney and the Director of the Cleveland County DSS with this original message, but not as an official complaint. I will rectify that this coming Monday if necessary.)
