

Trump Hating Rogue Republicans go dirty, mean and ILLEGAL!!! In trying to Beat Danny Blanton in School Board Primary Election!!! They also attack other Republicans who “won’t kiss their ass!!” Report, opinions and complaint by Robert A. Williams

Over the past several months I have identified and “outed” numerous Republicans in present and past Cleveland county leadership positions as Rogue Republicans. And, I am not messing around. I am going to name names.

I have “outed” them as:

- Trump Haters,
- Liars,
- Ingrates and such.

I am now adding:

- deceptive,
- devious,
- corrupt
- And just plain old MEAN

to my list of descriptive adjectives to their list of bad

character traits.

I am talking about:

- Robert “Luke” Queen,
- Ron Humphries,
- Rodney Fitch,
- Joel Shores,
- Greg Taylor,
- Dennis Bailey,
- Wes Westmoreland,
- Kevin Whisnant,
- David Allen
- and Ted Alexander for the most part.

Now, I am adding:

- Aaron Bridges,
- Dale Riviere,
- Walter Scott Spurling and
- Glenda W. Womack

to that “bad list” as they have willingly allowed themselves to be recruited to run for the Cleveland County School Board for the primary purpose of defeating Republican Incumbent School Board Member Danny Blanton in the 2022 Republican Primary Election. And a Secondary purpose of supporting School Board Chairman Robert “Luke” Queen in his unsavory role of destroying the school board:

- transparency,
- truth,
- fiduciary responsibility
- public trust
- as well as depriving children of proper education at Cleveland County Schools

Folks, I have written numerous articles over the past year (+)

describing the bad acts of this new School Board Republican majority led by Chairman Robert “Luke” Queen. Every word written in those previous articles as well as in this article is based on events that I have personally witnessed at school board meetings and as reported to me personally by trusted sources and evaluated through the lens of my own “good faith” conclusions. NONE, and I repeat **NONE**, of the content of my previous articles have ever been denied by any one of those previously named. And I sent each of them an advanced copy of the article prior to it being published.

NOW, let’s advance to some bad acts from this crowd that has just happened over the past several DAYS!!!

This past Saturday (March 26, 2022) the Cleveland County Republican Party Convention was held. This Convention is held to hear speakers and to elect delegates to the Regional, State, and National Republican Conventions. In the not-so-distant past, Cleveland County Republican Meetings and Conventions could be “held in a phone booth.” A figure of speech well enough known to those of us old enough to remember phone booths.

At this past Saturday’s Convention, near the end and after School Board Republican Candidates Danny Blanton, Ronnie Grigg (who was recruited by the Rogue Republicans to run against Danny Blanton as a way to defeat Blanton in the 2022 Republican Primary Elections-but refused to take part in such a vile act by the Rogue Republicans) and Annette Fain had left the premises, CCS School Board Chairman Robert “Luke” Queen and a person identified to me as CCS School Board Attorney Jonathon Sink began to pass out campaign flyers. Before sundown, that very day a cell phone picture of that Flyer was in my computer inbox. I will attach a copy of the flyer at the end of this article.

The flyer stated: **Cleveland County Board of Education Republican Primary** and listed the seven candidates that are

running for the four vacancies.

The Flyer stated **VOTE for Four**. The names of Dale Riviere, Walter Scott Spurling, Glenda W. Womack, and Aaron Bridges were in **BOLD** and UNDERLINED. The names of Annette Fain, Ronnie Grigg, and Danny Blanton were NOT bolded or underlined.

The very instant I saw this picture I realized three things: (besides the fact that Dennis Bailey, Kevin Whisnant, David Allen, and perhaps others were also involved in this flyer being printed and distributed at the Cleveland County Republican Party Convention.)

1. The Flyer did NOT have the legally (North Carolina State Election Law) mandated statement regarding who paid for this political advertisement. Everybody at that convention that received this flyer should have known this flyer that was being distributed to the public was illegal. As for me, I will file a **formal complaint to** the Cleveland County and NC State Board of Elections early this coming week to report Luke Queen's part in this illegal act. Perhaps also for Attorney Jonathon Sink and the others.
2. Sink, being an attorney and willfully involved in an illegal act, may find himself in trouble with the North Carolina State Bar.
3. **My recommendation for the 2022 School Board Primary Election will be Danny Blanton, Ronnie Grigg, and Annette Fain.**

Also, there was another matter arising at the March 26, 2022, Cleveland County Republican Party Convention. A devious, dirty, deceptive, corrupt, and mean-spirited act was committed. Totally different, but may be related, to the Rogue Republicans' efforts to get rid of Danny Blanton and any other Republicans that won't kiss their collective asses.

Marge Hooper, former President of the Republican Women of

Cleveland County (WeRCC). holder of many other women Republican credentials and regular attendee to every Republican Conventions at the local, Regional, State and National levels, noticed that her NAME had been left off a list names that was necessary for her to continue to be a delegate at future Conventions.

That list of names was for the attendees at the 2022 Cleveland County Republican Convention. And, according to Republican Party Rules, for a person to be selected as a delegate to the Regional, State and National Conventions, they had to first be an attendee to the LOCAL Republican Party Convention. Marge immediately smelled a rat. She did NOT believe, and rightly so, that this was some kind of inadvertent omittance, clerical error, typo or any other kind of honest mistake. Marge believed that this was a devious, deceptive, corrupt and mean-spirited dirty trick perpetrated by none other than self-proclaimed Republican Guru Dennis Bailey and his sycophants. Especially since Mr. Bailey was and is well known for his devious, deceptive, corrupt and mean-spirited dirty tricks. Especially since Dennis Bailey has made the statements that **"Only Jesus Crist and Dennis Bailey decides which Republicans get elected in Cleveland County."** Even though Dennis Bailey couldn't get himself re-elected to the Shelby City Council. Defeated by the weakest of Democrats, Violet Arth Dukes.

Marge knew that this list of names, with her name omitted, would cause her problems at the next level Republican Party Convention. Remembering the dirty tricks pulled by Dennis Bailey, Wes Westmoreland, Robert "Luke" Queen, Ted Alexander and others to get Robert Queen re-nominated to the Cleveland Community College after the Commissioners refused to re-nominate him. Causing irreparable damage to the relationship between the Community College Board of Trustees, Cleveland County School Board and the Commissioners. Probably the major reason that Commissioner Johnny Hutchins stepped down from the CCC BoTs and Commissioner Chairman Kevin Gordon stepped in to

take his place. The repercussions of that will soon become obvious.

So, according to reports, Marge Hooper confronted Dennis Bailey and then Cleveland County Republican Party President David Allen with the omission of her name as attending the 2022 Cleveland County Republican Party Convention-right there and right then at the end of the Convention. Whether or not that list is or will be corrected is still unknown. All I can say right now is this message to Marge Hooper, **“You go, girl!!! YOU are not alone in this battle against the forces of evil in the Cleveland County Republican Party!”**
