Alexander Speaks: Most Governance is Corrupt!!! Done behind closed doors by persons in coats and tie!! Message forwarded by Robert A. Williams

Editor's Note: Alexander, like others, has come forward with a powerful message. Short and not so sweet. But well known to be true. I gave this person the name Alexander, which means "Defender of man." It is considered Scotch, but is Greek in origin.

Alexander writes:

> ***Mr. Williams,***
>
> *MOST of "governance" in the USA is, sadly, CORRUPT. Someone once said; "More evil is done behind closed doors, by persons with ties and suits."*
>
> *Robert, that exact quote would be good for you to use!*
>
> *Also, those who refuse to learn from history, let others REPEAT it! GO BRANDON!*
>
> *Alexander*

Editor's Note IIL Alexander sent this message in regard to my recent article titled Williams challenges School Board to tell the truth-and other things.

Folks, Speak OUT. Keep up with the messages. And REMEMBER, the 2022 Republican Primary Elections are right around the corner.

This is an important election at every level. Commissioners, School Board, State Offices and National Elections. WE need every vote WE can get to throw out the CROOKS and LIARS and put in good people into office.
