

Emergency Message—Emergency Message!!! Come to School Board Meeting this evening at 6:00PM!! Call all your friends and Neighbors-invite them, Commissioners too!! Put Your Cell phones on the Charger right NOW!! Message forwarded by Robert A. Williams

Folks, School Board Member Danny Blanton called me just a few minutes ago and asked me to put out the word to everybody I could to come to the School Board Meeting tonight at 6:00pm April 11, 2022 at 400 West Marion Street. So, that is what I am doing.

I don't have time to write up much, except for this message, if you are on any heart prior to the meeting time.

These are my suggestions.

☐ Call your friends and neighbors to come with you to the School Board meeting tonight. Please try NOT come alone. If you do, pair up with another person or group of persons so you have witnesses to anything that transpires.

☐ Bring with you a fully charged Cell phone with video camera capability.

☐ Come early to get front row seats.

☐ Be prepared to be quiet no matter how mad you get. If not,

you might find yourself arrested at the direction of Chairman Robert Queen. If anyone is arrested, be prepared to film the arrest with your cell phone cameras.

□-Use your cell phones cameras to record the meeting as the regular CCS Board Meeting broadcasts may be sabotaged, on purpose, with "Technical problems!"

□Be prepared to leave the meeting early and continue with an interview with Danny Blanton down on the sidewalk in front of the CCS Central Services Building.

□Be prepared, in any event, to interview School Board member Dany Blanton down on the Sidewalk AFTER the meeting.

□Tell all your family, friends and neighbors what happened at this school board meeting.

□Be sure to remember this night when you go to vote in the 2022 elections.

See you tonight folks.
