

Major Corruption and Dirty Politics at School Board Meetings!! Proven Liar Robert “Luke” Queen Leading the Pack!! Trying to steal 2022 Republican Primary School Board Elections!! Fake News put out by Luke Queen against Danny Blanton!!! Report, analysis, proof and more provided by Robert A. Williams

Folks, YOU ain't seen nothing like this since the 2020 Presidential Elections. All the fake news carrying-on by the major news media and TV Networks against President Trump. That has now been copied by the Rogue Republicans against School Board member Danny Blanton in the Cleveland County School Board 2022 Republican Primary Elections.

These elections are close and the time for Dirty Tricks is NOW for the Rogue Republicans: Dennis Bailey, Robert “Luke” Queen, Ron Humphries, Kevin Whisnant, David Allen, Wes Westmoreland, now joined by Guy Smith and certain Republican School Board Candidates that I will soon name. And Perhaps others.

As of exactly NOW, there are two dirty tricks coming down,

both directly involving School Board Chairman Robert "Luke" Queen.

1.Unethical and illegal campaign materials being distributed directly by Robert Queen and perhaps others that violate Republican Party By-Laws as well as North Carolina Election Laws. Officials' Complaints against Robert Queen have been filed with the Board of Elections that are still pending.

2.A so-called "secret" five-page DEFAMATORY letter from School Board Chairman Robert Queen to School Board member Danny Blanton that falsely accuses Blanton of committing School Board Policy violations and also violations of North Carolina Law.

A third dirty trick indirectly involving School Board Chairman Robert "Luke" Queen involves Chairman Queen instructing School Board Lawyers to write a letter to School Board Candidate Ronnie Grigg demanding that Mr. Grigg remove the CCS Logo from his campaign materials, while Queen's and other Republicans Candidates past Facebook campaign pages are quickly taken down from Facebook.

It is my intention to cover the ins and outs of all these dirty tricks in detail. But first, I think I need to republish a December 18th, 2021 Article that establishes and proves that Robert "Luke" Queen is a liar at the most basic of levels. And then continue with the items noted above in separate articles.

Here is the December 18th, 2021 Article. Then I will move on to the two items noted above in other articles in quick succession.

Part IV-People are talking:

School Board Chairman Robert "Luke" Queen is a LIAR

-AND, I can Prove it!!!

CCS Diploma has diminished value!!!

Report, facts and suggested solutions provided by Robert A. Williams

A previous article showed a video clip of Robert Queen speaking to the School Board under Public Participation at the October 12, 2015 School Board meeting. The video clip, in part, shows **Luke Queen questioning school proficiency levels being so low, yet graduation rates were about twice as high. Queen went on to say that the low proficiency scores and the high graduation rate indicated that the value of a CCS Diploma was diminished.** That individual clip will be added below as part of the proof of what Luke Queen said back in 2015 before an audience that applauded at what Luke said.

Fast forward to the December 13, 2021 School Board meeting where Robert "Luke" Queen is School Board Chairman and able to do something about how CCS is run-if he wanted to. During this December 13, 2021 School Board meeting Luke Queen made the statement that he had said things in previous years that he has now learned were wrong.

At the end of the meeting noted above, I quickly approached the dais and asked Robert "Luke" Queen what it was, exactly, that he had learned in 2021 to indicate that his 2015 comments about the diminished quality of a CCS Diploma were wrong.

Queen's answer was that he DID NOT say those things back in 2015.

Folks, for the sake of arguendo, consider that what I have said so far is 100% false as YOU have no proof of anything.

But here are the Facts:

□Read the following from the Official and Approved Minutes of the October 12, 2015 School Board Meeting that says, in part, that:

"Robert Queen questioned the data presented at the last board session on grade level proficiencies and the graduation rates, and requested more board discussion on those figures as well as the 'quality of the diplomas' issued by the district."

□Now, watch the following video of Robert “Luke” Queen speaking at the October 12, 2015 School Board meeting during public participation.

Folks, I have produced legal documents as well as video that proves Robert “Luke” Queen said what I said that he said. Robert “Luke” Queen’s statement that he did not say what I just proved he said proves only one thing; Robert “Luke” Queen, reelected (in a split vote) as Chairman of the CCS School Board **is a bald-faced liar**. Luke Queen is NOT to be trusted as well as those that reelected him chairman. Rodney Fitch, Ron Humphries, Joel Shores, Greg Taylor (allegedly confused during the vote) and Luke Queen who voted for himself.

I, Robert A. Williams, have just PROVED, beyond any doubt, that Robert “Luke” Queen and his sheep are liars and enablers of liars. They all must be forced off the School Board as soon as possible. Speaker of the House Tim Moore, what law allows citizens to force corrupt elected officials like named above, out of their offices? If there is no such law, then YOU must pass one. Otherwise, YOU, Tim Moore, are also part of the problem. Senator Ted Alexander, we already know you are a problem and a Luke Queen enabler. YOU need to be replaced in the upcoming 2022 Elections also.

The problem that Luke Queen has, is what he and others were saying back in 2015, before and later, was and still is true. Luke Queen knows it is true, but has sold out to some kind of status quo and corrupt narrative. Instead of Luke Queen, being elected to the school board and being a part of the solution, Luke Queen and the others have sold out to those who are the problem!!! sold out for what is still unknown to me, but sold out-just the same.

Thank you, Luke Queen for bringing the problem solution to a focus. The first priority must be to get rid of you and your sheep as soon as possible. If not sooner. Your first year in

office has been a disaster. The education success of our children cannot wait three more years for the 2024 Elections. You must go by other means. You must be removed from office immediately, if not sooner. We will be working hard for that. Off the CCC BoTs too. For the same reasons.

Editor's Note: Now that it has been proved Robert Queen is a bald faced liar, the basis for the Illegal campaign materials and the so-called secret letter that Robert Queen "sneaked" and leaked to the Shelby Star and to Rogue Republicans Kevin Whisnant and Guy Smith (that I have just obtained) can and will be provided to the public citizens and voters in Cleveland County and discussed in detail.

Stay tuned for these forthcoming articles.
