

Ariel Speaks: The Hidden Agenda for The Public School System!! The first of MANY LIES CCS Chairman Robert Queen was caught in!! Forwarded by Robert A. Williams

Editor's Note: We are so fortunate to have Ariel watching over the "mess" (for the lack of another word that is not a cuss word) that our public schools here in Cleveland County have become. And telling us about it. Be sure to read this article all the way through. And, remember this, School Board Chairman Robert Queen's first lies to the public, that he was caught in was when he denied Critical Race Theory was being taught at Cleveland County Schools.

Folks, also note that, for your convenience, I have copied the links given by Ariel at the bottom of this article and underlined or "bolded" certain phrases in certain places. I could have bolded and underlined the whole article. It is THAT GOOD!

From Ariel:

Hi Robert,

I wanted to share some things with you and your readers that I think is vitally important to getting to the truth about what is happening in the Public School System. This article will also have a couple of attachments. I had hoped not to make this a 2-page article but there's a lot here so it might spill over into 2 pages. I apologize to your readers but I

feel it's important information. (Editor's Note: I increased the font size and included my 2-cents worth, so it turned out to be 3 pages. Maybe more when I am finished.)

The critical information I am talking about is the new book by Luke Rosiak, titled "Race To The Bottom"—"Uncovering The Secret Forces Destroying American Public Education". Luke is the Journalist that covered the Loudoun County (VA) case where a man's daughter had been raped in the girl's bathroom by a Boy in a skirt. He then went on to assault another female. For anyone that cares about the kids, this book is a must read.

Have I read this book? Yes, I have!! This book should be in the hands of every Parent, Grandparent and all Citizens that care what is happening to the Public School System in Cleveland County and every other Public School System across this Country!

*This book is available on Amazon for \$18. Audio is more expensive. For those that can afford it, please buy 2 copies when you purchase the book and give one to the parents of your child's best friend. It is critical to get this information to the Public. A group of parents are now discussing donations to help purchase these books in bulk to get the information out to Parents, Grandparents, Foster Parents and every Concerned Citizen in Cleveland County that cares what is happening to our children right under our noses. **Editor's Note: I have ordered this book in both the Hardcover and Audio versions.***

I am attaching a link that hits the main points in this book. Highlighting what happened to Public Schools in 2020 during the Pandemic did NOT have to happen. However, the Pandemic actually exposed and laid bare the Public School System for all to see and what parents saw was very Ugly. Our children are still paying the price today and will into the future.

Overview by Luke Rosiak (link below)

You see folks, the word “Equity” SOUNDS good, right? Close to “Equality” right? And who wouldn’t want “Equality” right? **WRONG!**

What “Equity” actually means here is”

EQUAL OUTCOMES BY RACE or by a more common term “Critical Race Theory”.....CRT. Yes, it IS being taught in most every public school system across this Country after many have denied it. (Like Robert Queen) It’s always disguised under another name purposely to confuse the average person.

If you are not yet “awake”, then I promise you 3 things when you read this book.

1. You will be Shocked and Upset
2. You will encounter Cognitive Dissonance (where you always believed the world operated in a certain way, when in reality it is nothing like you believed). This can cause an almost grieving type of experience.
3. You will be Pissed Off (that we have been deceived on such a deep level by our elected representatives). This includes Local, State and Federal.

My advice to ALL candidates running for School Board seats in Cleveland County and other Counties READ THIS BOOK! ASAP! You cannot comprehend how important this is. I would SUGGEST that all CURRENT Board members read this also. But, somehow, I think they already know the playbook.

We parents have all been asleep at the wheel for far too long. While we slept, Evil crept into the Public School System in many forms. Now more and more people are waking up to the stark reality that we have been sold out by our local leaders at many levels. But know this:

We now have the Ears to Hear and the Eyes to See. We are AWAKE and WE SEE YOU! The veil is thinning more every day. Soon the Emperor will have no clothes.

I am also attaching a 36 minute video interview between Asra Nomani and Mr. Rosiak. Ms. Nomani actually testified to Congress a few weeks ago regarding the labeling of Parents as Domestic Terrorists simply for speaking out and defending their values and their children at School Board meetings across the Country. The year 2020 exposed the "Equity" or "CRT" Agenda being taught at most schools in the U.S. Mr. Rosiak's explanation of "Equity" is a crucial point. The popularity of the vague term is designed to obfuscate poor educational performance so that the Teachers and Administrators cannot be held accountable.

There are several interviews with Mr. Rosiak out there. One is with The Epoch Times, but not everyone is able to access it so I didn't include it.

You know, TRUTH resonates with each person on an individual level. For the sake of your Children, **Wake Up Cleveland County** and use your God Given Discernment! We have been deceived far too long by not paying attention or dismissing those internal "gut feelings" that **something is very wrong in our schools.**

Because you see, at the end of the day, it's not about Democrats and Republicans. It really never was. Why? **Because they are both the same Party.**

Don't you ever wonder why it is when we vote to elect different people and different parties, that nothing ever really changes? That all the Rhinos ever do is TALK about change. I have a good friend that never voted his entire

life until the last couple of years. I would ask him over the years "Why" and he would look at me and say "Because They Are ALL ONE PARTY! It's a Joke! THEY decide who will vote one way and who votes another!"

And there you have it folks. It's called "Controlled Opposition". We only have the "Illusion of Choice". Instead of an Election, THEY make a "Selection". Just another "Control" mechanism they have always used to keep us divided. For they know there is Strength in Numbers and "**Knowledge is Power**".

I will end with pointing out a particular Chapter of the Book. Under Chapter 3, titled School Board, you will see what one Mom in Fairfax County found out when she started questioning the closure of some Elementary Schools. Appears that the ranking of Elementary Schools as "Priority Schools" was based on Racial Achievement Gaps and Numbers of Impoverished Immigrants.

Hmmmm.....something sounds familiar about that don't you think?

Editor's Note: Folks, when you go to Amazon looking for this book, please be aware that the correct title for the book is "Race to the Bottom." You will also see a book titled "'THE' Race to the Bottom" The book with the Title starting with a "THE" is NOT the correct book. Please be careful!! Also note that Ariel also provided a picture of the book cover. I have included that Picture in a separate File titled "Race to the Bottom."
