Alexander says:

## **Editor's Note:**

Of course, Alexander is talking about the recent fiasco of a School Board Forum put on by the Women Republicans of Cleveland County, the many and continuous shenanigans put on by the Robert Queen Rogue Republicans; Dennis Bailey, Wes Westmoreland, David Allen, Kevin Whisnant, Guy Smith, Ron Humphries, and others. Now officially joined by the four Rogue Republican Candidates Walter Spurling, Glenda Womack, Aaron Bridges, and Dale Reviere as shown on Spurling's Facebook Campaign page's "impersonation" of a Cleveland Community College C-19 Candidate's Forum advertisement.

My prediction is the CCC Board of Trustees, which includes board members Robert Queen, Dennis Bailey, and Wes Westmoreland approved of Spurling's unauthorized, unethical and overt hijacking of the CCC "Brand" as a hidden form of endorsement from CCC for Spurling, Womack, Reviere and Bridges. And more blatantly obvious, AGAINST CCSs School Board candidates Danny Blanton, Ronnie Grigg, and Annette Fain. I would also predict the questions that will be asked in tonight's CCC School Board Candidates forum are already in the

hands of Robert Queen's Rogue Republican candidates noted above.

Again, you go Alexander. I couldn't have said it any better myself!! WeRCC, and now Cleveland Community College as well as the Rogue Republicans are ALL a shame and disgrace. And are truly making Democrats look good in comparison.

But that is typical of the Cleveland County Republican (so-called) leadership. They would rather "have a Democrat in office than a Republican that refuses to kiss their collective asses."

Smart 2022 Republican primary election voters will cast their ballots for Danny Blanton, Ronnie Grigg, and Annette Fain. And leave that fourth seat blank. A triple shot of good candidates instead of four self-identified "bad" candidates. And, in 2024, we will dump Robert Queen, Ron Humphries, Joel Shores, Rodney Fitch, and Greg Taylor off from the CCS School Board. And finally, get a school board that will root out corruption and Critical Race Theory. And begin teaching Reading, Writing and Arithmetic again.
