

Best School Board 2022 Election Campaign Sign AWARDS go to Annette Fain!! And Danny Blanton!!! Report and “judging” provided by Robert A.

Everybody in Cleveland County has probably seen Danny Blanton's wheel mounted mobile “Billboard” campaign signs that Blanton moves regularly around Cleveland County. Blanton hooks up his inventory of big Bill Boards on wheels and moves them around the county to traffic hotspots where his supporters allow him to “Park” the signs for a few days and then moves them around to other hot-spot locations. I know Blanton has at least two of these signs as I traveled from Shelby to Fallston a few days ago and saw those two along my route only minutes from each other. It was a strategic maneuver since you could NOT get to the Shelby Library where Early Voting was going on without seeing at least one of Blanton's moving billboards. Along with plenty of Danny Blanton yard signs all over Cleveland County. Including my front yard in Fallston.

Some believe Danny Blanton will be the top vote getter in the 2022 School Board Republican Primary elections. Followed by Ronnie Grigg and Annette Fain

My most original 2022 School Board Primary Election Yard sign of, not only the School Board election, but all candidates in all election races in all of Cleveland County goes to Annette Fain, running in the Cleveland County School Board race.

School Board candidate Annette Fain has thrown political convention to the wind, that is running combinations of Red,

White and Blue with the candidates last name in BIG, BIG letters so you can read the name only, while driving down the road at 60 miles per hour, and nothing else. To a Yellow background that reads Parents For Annette Fain-BOE. Along with sketches of a School House, a School Bus, stick figures for children, parents, and teachers at a blackboard (No Computers). And a TELEPHONE NUMBER that will take you directly to Annette Fain.

When Robert A. first saw this unique campaign sign, he realized exactly where Annette Fain was coming from. From the best interest of parents, children, taxpayers and a proper education process. NOT personal gain or fame and glory for herself. If you have a problem with anything related to Cleveland County Schools, call me and WE will get it fixed. Not covered-up.

This is something that Annette Fain, Ronnie Grigg and Danny Blanton have in common.

Robert A. recommends marking your school board ballot like this:
