BAHWAAAAAAAA! ? Danny was the Top Vote Getter!! I hope the Rogue's all cried themselves to sleep last night.

I'm changing to Unaffiliated also. I'm done with this 2-party system. We need a "Patriot" party or something similar, or not. Maybe all the dirty tricks will end both parties and a new one will rise from the ashes.

Now, the shit's really gonna hit the fan, I assume. All those drug charges, assault, and swinging clubs have got to come up at some point.

I've been under the weather for the past week or so. But I got out and voted!

I'll work on my next article now that this Primary is over.

Keep 'em coming Robert?

Editor’s Note: Ariel, you are 1,000% right, we do need a Political Party that serves the best interest of We the People-instead of what the Snub-licans want for themselves. I believe lots of people are thinking just like Ariel and Robert A.
