Robert A. will Mark HIS November 8th 2022 School Board Ballot For ONLY Danny Blanton and Ronnie Grigg!!! and Recommends that YOU do the same thing!!! Recommendations and Reasons provided by Robert A.

Robert A. thanks all you GOOD Republican and Good Unaffiliated voters for voting for Danny Blanton and Ronnie Grigg in the 2022 School Board Primary Election. I am sure every person with any honor and integrity was totally disappointed with the Cleveland County Republican Party so-called LEADERSHIP who turned Rogue and fell in lockstep with the Dennis Bailey, Wes Westmoreland, Robert Queen Kevin Whisnant, Pam Keller, Ron Humphries (and others) “gang” in their deception-laced, mean-spirited and hateful personal attacks against Danny Blanton and Ronnie Grigg. Hey, they even brough in the Shelby Dailey Liar, with a fake and defamatory news report, right before election day. In hopes of Defeating Blanton in the Republican Primary Election. Breaking the NC Republican Party Plan of Organization Rules and just plain old common courtesy and good manners. With a wild abandon that turned into desperation. Right down to Election day and even after the Primary Election Day. Only to have Danny Blanton and Ronnie Grigg win in the School Board Republican Primary Election.

Robert A. believes this total unnecessary and desperate attempt by the Rogue Republican “Snub-licans” to defeat Danny

Blanton and Ronnie Grigg will continue up to and including the General Election day-November 8, 2022. With even more lies, deception and mean-spirited and hateful personal attacks. This time more secret, more devious and with a more deceptive narrative. Simply because the old narrative was too obvious to the point that Danny Blanton was the TOP vote getter in the School Board Republican Primary Election. Actually, Danny Blanton's vote count in Cleveland County (4,110 votes) was higher than EVERY OTHER candidate on that ballot except for Patrick McHenry, who probably spent $Million$ on his US Congress campaign. And Ronnie Grigg's winning vote count (3,475) was also very substantial RELATED TO OTHER CANDIDATES IN OTHER ELECTIONS. A winning number in most other races too.

Robert A. continues. So, by Danny Blanton and Ronnie Grigg winning in the 2022 Republican School Board Primary election, the Rogue Republican Snub-licans are in a bad way. All their shenanigans that were intended to beat Blanton and Grigg have failed and they are totally exposed to ridicule and lose their positions in the Cleveland County Republican Party on top of that. Their "Plan B" in getting rid of Good Republicans Danny Blanton and Ronnie Grigg will depend now on the Rogue Republicans electing two Democrats to go along with THEIR two Republicans Rogue Candidates, Aaron Bridges and Walter Scott Spurling.

But this is tricky. Another major mishap, like in the Republican Primary, Danny Blanton and Ronnie Grigg winning, along with two Democrats has put the Rogues in a bad place. First, they have to deny their mischief in the Republican School Board Primary Election and then claim they are for all the Republican slate of candidates winning over the Democrats Candidates in the November. Second, get their Rogue Candidates, Aaron Bridges and Walter Scott Spurling elected as well as two Democrats. Defeating Blanton and Grigg in the process. Here is where some proof comes to bare. Robert A. has gone digging into some public records. Facebook comments as

well as official Cleveland County Board of Elections Candidate's financial reporting documents.

Let's start with Pam Keller, Treasurer of the Cleveland County Republican Party:

Pamela Douglas Keller, AFTER the Primary Election, says on Facebook:

"I had a very pleasant conversation with Ronnie Grigg. He and I line up politically. He believes most everything the same way as I do. The Primary is over. Please please please Republicans let's come back together and get Republicans elected. Ronnie Grigg, Danny Blanton, Scott Spurling and Aaron Bridges got through the primary. We need to ban together. I happen to love Dennis Carl Bailey and Kevin Whisnant and Robert P. Queen. I have known them for a long time and some of the "stuff" that has been said about them are from people that don't know them. Danny Blanton don't forget how hard we worked to get you elected the first time. Just remember the school board is about the children of Cleveland County.

(Note that Ronnie Grigg was having none of this diatribe from Pam Keller. Grigg comes back asking Keller about the things that were said against Danny Blanton and himself by the very same people Pam Keller said that she loved. Also, when Danny Blanton was first elected to the School Board, those elections were NON-Partisan. The Cleveland County Republican Party did not lift one finger to help Danny Blanton get himself elected to the School Board. So, Pam Keller's posted statements were all "posturing" for a Plan B attack against Danny Blanton and Ronnie Grigg.)

There is more proof that Pam Keller is a major part of the Rogue Republicans that are out to get rid of Danny Blanton and Ronnie Grigg by backing other candidates.

Robert A. being Robert A. keeps on digging. Looking for those dead rats that he. keeps on smelling. Robert A. goes to the

Cleveland County Board of Elections Web page and finds some interesting stuff. It is now several days after the School Board Republican Primary Election and some candidate Campaign Financial Reports have been filed and posted.

So, Robert A. "Clicks" on Candidate Aaron Bridges filings. **Surprise! Surprise!! Surprise!!!** Right there on the front page is the Certification of the Treasurer of School Board Candidate Aaron Bridges School Board Election Committee. Bridges' Campaign Treasurer is none other than **Pamela D. Keller**. The Cleveland County Republican Party Treasurer. A few pages into the Report, there is Rogue Republican Party VP Kevin Whisnant making a campaign contribution to Aaron Bridges.

Then Robert A. clicks on Walter Scott Spurling and Dale Riviere's reports. **Surprise! Surprise!! And Surprise!!! AGAIN**. Pamela D. Keller is their Campaign Treasurer too.

Robert A. looks and looks for the Campaign Report for candidate Glenda Womack and finds none. And, it is Memorial Day Weekend and there is nobody to call about it. But, one thing is clear. **Pam Keller** was the Campaign Treasurer for Aaron Bridges and Walter Spurling. AND STILL IS for this General Election for the School Board. TOTAL proof that Pam Keller, aided and abetted by Dennis Bailey, Robert Queen, Kevin Whisnant, Wes Westmoreland, Ron Humphries, Guy Smith, David Allen, Hayden Soloway and others were ALL in on the Plan A attacks on Danny Blanton, Ronnie Grigg and Annette Fain during the 2022 School Board Republican Primary Election. And Proof Enough for Robert A. that this same crowd of Rogue Republican "Snub-licans" are still at it for the School Board General Election.

And Robert A. has the same recommendation for the November 8, 2022 General Election for the Cleveland County School Board. All YOU GOOD Republicans and GOOD Unaffiliated voters, Cast YOUR vote in the School Board ballot for ONLY Danny Blanton

and Ronnie Grigg. Let the Rogue Republican “Snub-licans” fight with the Democrats for the other two seats in that race. And, in 2024 we can clean house of the other five Rogue Republicans and take a SUPER Majority on the School Board. And do what is necessary to finally begin to properly educate our children in reading, writing and arithmetic. Without Critical Race Theory, Pornography and other diversionary and divisive stuff.

And, don’t bother with the School Board Political Forums. Especially the rigged WeRCC and TEA-Party candidate forums. The Cleveland Community College Forum too. Maybe Robert A. will have a **Citizens For Good Government (CGG) Candidates forum**.

For right now, this is all we need to know about the 2022 School Board November 8th election!!! Tell all your friends and neighbors. NO MORE Dirty Tricks from you Rogue Republican Snub-licans!!!
