Betsy Speaks: The real reason the Jail Complex Budget is increasing From $90 million to $140 Million to maybe $250 Million!!! Comment forwarded by Robert A

Robert A's trusted source, Betsy, always has a keen eye for the obvious. This is what Betsy says about my last article regarding the many issues with the 2022-2023 Cleveland County Budget:

> *Betsy says:*
> *"You know why the jail is getting all these upgrades? I'll tell you why. They are getting it up to par for all the Cleveland County Elites that are about to call that place home. ???"*

Robert A's response to Betsy is:
In that case, Betsy, that much money for a new jail would be money well spent.

Robert A adds:
Does anyone have a list of those Cleveland County elites that should be the first 25 that the District Attorney should prosecute and move them into their new digs? I would like to compare that list with my list. I suspect many of the names on both lists would be the same.
