

Rogue Republicans Bring Ridicule to the CCGOP-And Rightly so!!! School Board Drama Continues—Queen falsely calls Blanton a Crook and NOT a Team Player. Blanton Calls Queen a SOB!! (Source of Beauty) and MORE!!! Robert A tells it ALL!!! Satire included.

By now everybody in Cleveland County that pays any attention at all knows that School Board Chairman Robert “Luke” Queen sent a phony letter to School Board Member Dr. Danny Blanton (PhD in Common Sense) allegedly on behalf of all the other School Board members. Luke Queen’s phony 5-page letter complained that Dr. Danny had embarrassed them all because Dr. Danny was taking calls from parents and others about bad things at Cleveland County Schools and the rest of the School Board crowd did NOT want to be bothered with such lowly doings. And, just like the School Board’s \$3 Million phony lawsuit against Sheriff Alan Norman, none of the other School Board members deny knowing anything about it and ALL refuse to talk about it. But, they sure as Hell (for them) know about Queen’s Letter to Dr. Blanton. I received a copy of Queen’s letter via the Public Records laws of North Carolina and sent a copy to all the School Board members. Telling them that I sent them this Luke Queen letter so they could NOT deny

knowing anything about it.

Now, I am sending that phony Robert Queen Letter, again, to the School Board as well as many of the Rogue Republicans that will be showing up at this coming Saturday's Republican Executive Committee Meeting that will be held at 10 AM at the Shelby Library. June 18, 2022. NOW, none of the worthless Cleveland County Republican Party so-called "Leadership" can deny knowing about this letter that sparked the explosion in the Republican Party during the 2022 School Board Republican Primary Election. The explosion of ridicule that blew up in the faces of ALL the Rogue Republicans on the School Board and in the Republican Party too when Dr. Danny Blanton and Ronnie Grigg won by good margins in the 2022 School Board Republican Primary Elections. Thus, sending the Rogue Republican "Snubs" into a deep "hiding and crying" mode for a full month.

Note that the redacted copy of Luke Queen's phony and malicious letter starts at the end of this article. Also Note that this copy of Queen's phony letter to Dr. Danny Blanton was the same as the letter Luke Queen himself sent to the School Board Lawyers and made sure the letter was also sent to the Shelby Daily Liar, Guy Smith and Kevin Whisnant.

Now, Dr. Danny Blanton, after being harassed by a resurgent scheme by the Rogue Snubs to unite with the Snubs in the name of Party Unity has fired back with his own letter of Ridicule to those that deserve ridicule. No thanks, says Dr. Danny. "YOU Broke it, YOU Fix it!" Dr. Danny also adds in his own brand of "rhetorical hyperbole" that Robert Queen is a SOB. A "Source of Beauty" says Dr. Danny Blanton Also note that Danny Blanton also says he has a Doctor's Degree in Common Sense. We agree. That is why we will continue to call Mr. Blanton "Dr. Danny." If the degree fits, wear it. Compared to Luke Queen and all the rest of the Republican Snub-licans, Mr. Danny Blanton is indeed Dr. Danny Blanton. And the Cleveland County Republican Party so-called leadership, in comparison, are a big bunch of morons, Nit-Wits and stooges. Crooks and liars

too.

Also Note that Dr. Danny Blanton's letter, a blended masterpiece of ridicule, rhetorical hyperbole and a demand for Luke Queen and the CCS School Board to produce any shred of truth or evidence to their unproven allegations, lies and deceptions, is also included at the end of this article.

Robert A predicts that this coming Saturday's Rogue Republican Snubs Executive Committee meeting will be attended by meeting three groups:

1. Those that would rather NOT be there, but are afraid they would be attacked by others as Robert A spies.
2. Those with a pounding headache caused by too much Alcohol the night before.
3. Those like Robert "Luke" Queen, Kevin Whisnant, Wes Westmoreland, Ron Humphries, David Allen and others; Who would just claim that these letters don't actually exist and everything bad that has just happened, in reality never happened at all. The please pass the Valium while you're up crowd.
4. And, Dr. Danny Blanton. Still waiting for an apology that he will never get from this band of losers.

And maybe Robert A will show up outside taking names.
