During the COVID-19 so-called pandemic that closed down schools and businesses all across the USA, parents, loosing their jobs and staying home with the kids, started discovering more and more about what their children were being taught in public schools. AND, they didn't like it. Critical Race Theory in many variations. Alleged "White" supremacy. White people were evil and racist from birth, only because their skin was white. Black people were always oppressed and victims and it was OK for them to burn, loot and steal and be protected from arrest and prosecution because such behavior was a Constitutional "right," a part of the First Amendment.

Associated with all this teaching at public schools was the LGBTQ-XYZ doctrine that GOD made them the way that they were and what GOD has made that NO ONE can cast asunder. News stories described some nitwit parents even wanted their Elementary School aged children to go through sex change surgery to "transition" to the other sex if they were "confused" about what gender they really wanted to be. And, such stuff goes on and on about Public Schools and the School Boards that were running them.

Public School Libraries, now called "Media Centers," began to get rid of "traditional" and "age-appropriate" books and reading materials that were replaced by books promoting the Critical Race Theory and other such indoctrination as well as the LGBTQ-XYZ solicitation. Even classroom teacher "Lesson Plans" began to include all this indoctrination as previously mentioned.

Parents with "Good Sense" began to come to School Board meetings all across America. These wise parents began "raising cane" wanting all this mess GONE from the Public-School System in their area. They banned together and spoke out at School Board meetings. They petitioned their County, State and

National elected officials. They were sometimes thrown out of School Board meetings and even arrested when they refused to back down and accept the alleged “Fact” that the Union Controlled Teachers Unions and the nitwit school boards had more control over what the children were going to be taught than the children’s parents.

Parents in Cleveland County and others (including Robert A) began to speak out too. School Board Chairman Robert “Luke” Queen responded to one person’s inquiry with a bald-faced lie. Luke broke his own Citizen’s Recognition policy by saying “There is no CRT taught in Cleveland County Schools!” Then he followed up with “That I know of.” Just the kind of lie that has become Luke Queen’s MO. Follow up investigation found that, not only was CRT taught at CCS, but porno LGBTQ-XYZ books and materials were located in CCS School Libraries. Uhh, Media Centers!!!

Then, the 2022 School Board Republican Primary Elections came along and Luke Queen, Dennis Bailey, Kevin and Lisa Whisnant, David Allen, Ron Humphries, Pam Keller, Wes Westmoreland, Guy Smith, Hayden Soloway, WeRCC (Women Republicans of Cleveland County) and other Rogue Republicans fired up their lying and dirty tricks campaign against Dr. Danny Blanton (PhD in Common Sense) and Ronnie Grigg, both Conservative Republican candidates for the School Board. Things got “wild and wooly” right up to the Primary Election Day night when the Ballots were counted and both Dr. Blanton and Ronnie Grigg won the opportunity to run in the 2022 General Election for election to the school board.

(Please note that Robert A recommends marking your 2022 November General Election ballots ONLY for Dr. Danny Blanton and Ronnie Grigg) for the School Board.)

Robert A wrote intensively during this Primary Election period and the CRT LGBTQ-XYZ discussions were put on hold during most of this time. You can scroll back to those articles on

www.citizensforgoodgovernment.org for your convenience and verification.

The Rogue Republicans noted above and others were totally devastated by Dr. Blanton and Ronnie Grigg's big win in the Primary Elections and laid low for a while. Unbelievably claiming that Dr. Blanton and Ronnie Grigg should now work to get the other two Rogue Republican supported candidates, who previously worked against Dr. Blanton and Mr. Grigg in the General Election, elected in the General Election. All the while refusing to apologize to Dr. Blanton and Mr. Grigg. Or even to acknowledge that the Rogue Republicans had violated the N.C. GOP Plan of Organization that strictly prohibited most, if not all, of the Dirty Tricks the Rogue Republicans pulled on Dr. Blanton and Mr. Grigg.

While all this Rogue Republican political dirty tricks and cover-ups were playing out, the Critical Race Theory and the LBGTQ-XYZ mischief kind of fell off the radar scope. Only to explode on Saturday, June 18, 2022 at a secret Cleveland County GOP Executive board meting at the Shelby Library. It was "Gay Pride" month at the Shelby Library and when Commissioner Doug Bridges was walking through the Library to the Library meeting room, he discovered the big display, front and center in prominence, of the many, many LBGTQ-XYZ books. Folks, scroll on back to my July 1, 2022 article titled "If GOD doesn't destroy the Cleveland County Library, CCS and the Cleveland County GOP Executive Committee; He owes Sodom and Gomorrah an APOLOGY!!! God will have to do it because the Commissioners refuse to!!" for a full account.

Basically, Commissioner Bridges was alarmed over seeing such a display at the Shelby Library in plain view of children, where he is on the Library Oversight Board member, then entered into the CCGOP Executive Board meeting and told everybody about the display. An "Everybody" being all the Commissioners and School Board Members (Except for Rodney Fitch, Greg Taylor and the Democrats on the School Board).

Robert A heard all about this LGBTQ-XYZ stuff at the Shelby Library over that weekend and the next Tuesday he made a trip to the Shelby Library to see for himself. Seeing and hearing for himself, when possible, is a Robert A “Trademark.” Much to the chagrin of people like School Board Chairman Robert “Luke” Queen and County Commissioner Chairman Kevin “Luke-Lite” Gordon, who seem to prefer communicating lies over telling the truth.

Also, Robert A, in his trip to the Shelby Library, had made an organized inspection of the Children’s Section and discovered a multitude of children’s books that were full of Critical Race Theory, Black Lives Matter, White Supremacy, Black rights to protest and disrupt indoctrination and other such materials that encourage classroom discipline problems as well as a general encouragement of racial divisiveness. Robert A later found Commissioner Deb Hardin also at the Shelby Library and informed her of his discovery in the Children’s Section. As well as included this discovery in later articles that were copied to all the Commissioners, The School Board and others. So, EVERYBODY knew about this. Including the Shelby Daily Liar.

The Shelby Daily Liar did look into this discovery and also interviewed Library and County Officials. The “Liar,” who seems to be doing a better job now, published an article titled “Pride display to remain for rest of June at Shelby Library.” The “Liar” did NOT mention the Children’s Section indoctrination materials.

The “Liar” article included statements from the Shelby Library Director Wright Adams as sell as from Assistant Cleveland County Manager Kerri Melton. Melton was apparently instructed to talk to the Shelby Dailey Liar by the Commissioners as well as the County Manager Brian Epley. For whatever reason I suggest MY readers to ask the Commissioners and Brian Epley themselves. Also, I will not make direct quotes from the Liar article except to say that the article made clear that this

offensive LBGTQ-XYZ display was clearly slated to be taken down at the END OF JUNE, 2022. Read on and YOU will see my reasoning.

June ended on June 30, 2022 and Robert A smells a rat. Robert A decides to give the Shelby Library and the Commissioners enough rope to hang themselves. Robert A makes another inspection trip to the Shelby Library on July 12, 2022 to see whether or not any changes had been made to the LBGTQ-XYZ display. Read on for what Robert A found.

July 12, 2022 Shelby Library Inspection Findings:
The large display case that had previously held only LBGTQ-XYZ books and materials had been removed and replaced with a smaller display case. There were now four such display cases around the book checkout area and other larger display shelves with high visibility.
The LBGTQ-XYZ books that had initially been concentrated in that one big case were now placed in all those other display cases, mixed in with a few other books.
The LBGTQ-XYZ books seemed to be concentrated below the direct line of site for an adult, but were exactly at the proper line of sight for children.
A cursory inspection of other displays that were not so close to the central book checkout center also included an obviously high percentage of LBGTQ-XYX books.
All books on Display were stacked in such a manner that the Book Covers were aligned in such a manner that the full front of the Book was in view relative to a normal bookshelf where a much smaller area of the book end is exposed.
There were plenty of other shelves in the library marked with such terms as “Adult-Non-Fiction” where these LBGTQ-XYZ books, totally age-inappropriate and subject inappropriate for viewing by children, could have been re-located to. But they weren’t.

The obvious conclusion here is the Shelby Library AND Cleveland County Schools have given the “Middle Finger” to

parents, Conservatives of all stripes and the hapless and mentally helpless Cleveland County Rogue Republican Leadership. The Commissioners, the School Board, the County Manager and the Assistant County Manager too. The often-called Queers and "Queer Lovers" have out maneuvered and out smarted ALL the Republicans in Cleveland County Government who are not accountable or acceptable to hold any public office in Cleveland County or anywhere else.

And, amongst all of this, Speaker of the House Tim More. State Representative Kelly Hastings and even Senator Ted Alexander were all along working to pass legislation, and DID pass legislation to OUTLAW LGBTQ-XYZ curriculum in Public Schools. They have passed this legislation, called "Parents Bill of Rights," which would bar the LBGTQ-XYZ from the K-3 grades and the K-12 grades would require the local school boards to adopt procedures to notify parents when school staff notices changes to a child's mental, emotional or physical health or well-being. Also, schools would be required to notify parents BEFORE a child's name or pronoun is changed in school records. This legislation would also provide requirements that a parent has the right to review the content of school curricula that their children would be taught. Further enhancing transparency.

Ahh," transparency." The word Luke Queen and the others who won in the 2020 elections for school board used frequently in their campaign, and forgot the second they were elected and sworn in. Hopefully their lies will come home to roost in their 2024 reelection bids. Hopefully, the Commissioners running for re-election in 2024 will meet the same fate as their lying counterparts on the School Board. Forced Retirement!

As far as why the local county officials are turning a blind eye to what our state representatives are doing in Raleigh is totally incomprehensible to Robert A. Perhaps YOU should ask YOUR local official yourself. Just wait until I tell you the

story about what happened at the July 12, 2022 Commissioner's meeting when Robert A asked Commissioner Chairman Luke-Lite Gordon a simple question and Gordon's complete loss of temper and control. Yelling and Screaming at Robert A In front of a whole crowd of people. But that is an article for another day. All Robert A will say in this article is Luke-Lite needs to go in 2024.

In closing THIS Article, Robert A reminds everyone about the story in the Bible where God destroys Sodom and Gomorrah for their sinful LGBTQ-XYZ ways. Also. The Story in the Bible about Jesus taking a whip to the "money changers" defiling God's Temple and running them all off the premises. These lessons are NOT lost on Robert A. Also, Jesus says to hate the sin but love the sinner.

So, if Robert A was a Commissioner during all this bruhaha over Gay rights and the bad books at the Shelby Library, etc., this is what Robert A would do:

- Since there are all kinds of things that need county funding, Robert A would immediately vote to eliminate all county taxpayer funding to the Shelby Library as well as for CCS Media Centers. ALL FUNDING. And allocate that funding somewhere else (or pay off debt) until the School Board and the Shelby Library Board thoroughly had their Collective attitudes appropriately changed sufficient that all the offensive books and curriculum were forever removed from those facilities by them-not the Commissioners. And, THEY would have to come back to the Commissioners to justify, and re-justify every year any County funding they might request. NO more funding anybody for everything just to be spending taxpayer's hard-earned money.
- Robert A would not sit on any other Board as a County Commissioner. That is only a means of that Board's expecting funding by having a Commissioner on their Board.
- Every Board and group would have to justify all requests for funding by well documented audits and budgets provided well in

advance for review by the Commissioners prior to ANY approval of receiving County funding.

All funding requests would be considered DENIED until and unless all requests were properly reviewed and all questions sufficiently answered. Robert A would operate under the premise that if there are any doubts or unanswered questions; vote NO. Automatically.
