Part 3: Federal Investigation of Corruption regarding Kings Mountain Casino Who will the first to go to Federal Prison??? Cleveland County Commissioner, Wife and County Manager found to be financially associated with Kings Mountain Casino!!! Robert A says, “So many years of smelling rats.” And NOW the Feds are here in Cleveland County!!” What took them so long? And Where was the Cleveland County DA?? “I told you so” report by Robert A

The Wall Street Journal (WSJ) was the first to break the story at the NATIONAL level that there was a “foul smell” emanating from the Kings Mountain Casino. AKA, the Catawba Casino, AKA the Cleveland Count Casino and now AKA the Two Kings Casino.

But the WSJ only mentioned two potential criminal offenders, the brother of South Carolina US Congressman Jim Clyburn and the Husband of Former SC Governor Nikki Haley.

During all this time **Robert A** has written over 40 articles since 2015 about the corruption at the Kings Mountain Casino. For your convenience, go to www.citizensforgoodgovernment.org and scroll to the right to the "Search" engine. Type in "Holbrook" and "Casino" and hit "enter." Those forty+ articles will pull right up for your reading enjoyment. If you add "ALWS" to that search, no telling how many more articles you will pull up. It will certainly take YOU a long time to read them all. And ALL **Robert A** can say is "I told YOU so!!"

But the rest of the "News" world is catching up, although they are still years behind **Robert A**. Here is the latest news that includes the names of Former Commissioner Eddie Holbrook, Millie Holbrook and former County Manager David Dear. More proof that **Robert A** has been right about the corruption at the Casino all along. And that local officials are involved. Note that **Robert A** predicts that many more Commissioners, Former Commissioners and others will also be subject to criminal indictment before this scandal is over. Only the FBI's and the DOJ's continued harassment of President Donald J. Trump will take away their resources to send many Cleveland County Officials to Federal Prison where they belong. No mention is made about the Cleveland County District Attorney being Missing in Action during all this time, even though **Robert A** has copied the CCDA on every one of these articles about the apparent corruption going on at the KM Casino.
