The BIGGEST HAHA of the 2022 School Board Elections!! Crazy Shelby TEA Party & CCGOP Ignores will of the people!! Recommends TWO Liberal Democrats for the School Board!! Foolishly calls them CONSERVATIVE Candidates!!! Then tries to shut down criticism of their stupidity!!! Report by Robert A

Folks, **Robert A** is a duly registered Republican in Cleveland County, a Trump supporting Republican, and PROUD of it. But **Robert A** stands apart from the Trump hating Cleveland County GOP, their dirty tricks, their lies and deceptions and especially their stupid cover-ups. **Robert A** tells it like-it-is and THIS is a story, one of many, that needs to be told.

Folks, you don't have to go all the way to Wyoming to see the warped political mind of the likes of Renegade Republicans like Liz Cheney. We have plenty of them right here in Cleveland County. Only thing is, Wyoming had enough good sense to officially dump Liz Cheney after her crazy impeachment vote

against President Trump and then her even crazier decision to become joined at the hip with Democrat Speaker of the US House, Nancy Pelosi, on this traitorous ***Jan6 Committee*** witch-hunt against President Trump. Right in the middle of the 2022 mid-term elections.

In Cleveland County the ***FIRST BIG HAHA*** of Republican Party's political dirty tricks sprang out of the evil mind of School Board Chairman Robert "Luke" Queen during the 2022 Republican School Board Primary Elections. Luke Queen, Dennis Bailey, Kevin Whisnant, Ron Humphries, Wes Westmoreland, Guy Smith, David Allen, Pam Keller and others plotted to beat out Dr. Danny Blanton by recruiting enough Republican candidates for the Republican Party Primary elections and dreaming up "tall-tales" (lies) on Dr. Blanton in the process. Tall Tales that they refused to allow discussion on.

Two of those recruited candidates were Ronnie Grigg and Dena Spangler. Grigg and Spangler, upon learning of the Rogue Republican's plan to use them to get rid of Danny Blanton, immediately flat-out refused to participate in this vile scheme. Ronnie Grigg then decided that he WOULD run for the School Board, but as a Team Player with Danny Blanton instead of a political "Hit Man" for the Rogues. The Rogues then recruited four other gullible Republicans to continue with their dastardly plan of getting rid of both Danny Blanton AND Ronnie Grigg.

This Rogue Republican plan FAILED on two fronts:

1. Danny Blanton as well as Ronnie Grigg both campaigned extra hard and both won in the 2022 Republican School Board Primary elections as well as Rogue supported

candidates Aaron Bridges and Walter Scott Spurling.

2. The Republican Party in Cleveland County was split into two factions in the process. The Rogue Republicans with their evil minds and bad intentions. And Regular Trump supporting Republicans like **Robert A**and the rest us that produced winning majorities for Blanton and Grigg. Defeating the Rogues handily as the Rogues, too elitist and arrogant to come down to the Shelby Fire Station, sat at the Dragonfly Restaurant on Primary Election night. Sipping wine and expecting defeat for both Blanton and Grigg. Only to learn, as the votes for Blanton and Grigg rolled in, that they were not a smart as they thought they were. Luke Queen was also out for well over $3,000 for the “robo-calls” he financed against Dr. Blanton.

However, **Robert A** realized there was only one other “front” open to the Rogue Republicans, headed up by Luke Queen and the others, to eliminate Dr. Danny Blanton and now Dr. Ronnie Grigg from serving on the CCS School Board. Take their recruits Aaron Bridges and Walter Scott Spurling and support two selected Democrat candidates in the 2022 General Elections for the School Board. **Robert A** rightly predicted that this was their only way, but wondered which two of the four Democrats (the Democrats did not have a primary election) the Rogue Republicans would be able to recruit. Phillip Glover, Coleman Hunt, Dena Green or Meghan Hoppes. **Robert A** was also wondering whether or not Republican Candidates Aaron Bridges and Walter Scott Spurling would finally realize that they had been “played” and renounce the Rogue Republicans and their dirty tricks, apologize profusely to Dr. Blanton and Dr. Grigg and run as a Republican team WITH Blanton and Grigg. Unfortunately, Aaron Bridges and Walter Scott Spurling took the ”LOW ROAD.” This was a shame too. As otherwise they may have made good School Board members.

In the meantime, **Robert A,** wisely, recommended voting for Blanton and Grigg ONLY in the School board General Elections. Figuring the Rogues would NOT make a play with their Democrat recruits until the last minute. And slyly faking intentions to run as a "Republican Team" right up to the last minute. A ruse intended to pacify the rest of the "good" Republicans in Cleveland County so no actions would befall them for breaking all those NCGOP Plan of Organization rules that they clearly violated. And then spring some kind of dirty trick right at the beginning of the 2022 General Elections Early voting. Which was exactly what they did.

Now, voters of Cleveland County, the Dirty-Trick the unethical Rogue Republicans have Oeen planning since their Primary Election defeat has been sprung. **Robert A** was right all along. The Rogue Republicans have enlisted the ALWAYS FOOLISH Shelby 9.12 TEA Party to recommend TWO Democrat School Board Candidates, along with Aaron Bridges and Walter Scott Spurling as a way to beat Dr. Danny Blanton and Dr. Ronnie Grigg in the 2022 School Board Elections. Note, as previously stated, this kind or Dirty Trick was predicted by **Robert A** way back. Just after the 2022 Republican School Board Primary Elections. Back when the Rogue Republicans: Dennis Bailey, Kevin Whisnant, Wes Westmoreland, Pam Kellar, Robert "Luke" Queen, Ron Humphries, Guy Smith, David Allen and others recommended four of their buddy Rogue Republicans to beat Danny Blanton and Ronnie Grigg in the Republican Primary Elections. And, when that failed, Blanton and Grigg were picked by "***We the People***" to advance to the 2022 General Elections. Which is right NOW!!

Robert A was certain that the Rogue Republicans would have to

support two Democrats in their corrupt attempt to beat Blanton and Grigg in the General Elections. And NOW, the Shelby TEA Party-a bastion of Rogue Republicans-has recommended four candidates. Republicans Aaron Bridges and Walter Scott Spurling. AND, Democrats: **Coleman hunt and Dena Green**. Right at the beginning of the 2022 Elections early voting.

As soon as **Robert A** saw the Shelby 9.12 TEA Party's list of recommended School Board candidates, he immediately realized the Rogues had adopted Rogue Republican Dennis Bailey's interjection of RACE and Plantation Politics into this 2022 School Board Election. In particular, so-called Republican Dennis Bailey will team up with a Black Democrat pole volunteer as an ally. During early voting, which is heavy with Back Democrat voters, Bailey will "chat up" white candidates while the Democrat Black ally will be "working" the black voters coming to vote with the conversation, "***see that hateful Republican Party man over there talking to that Republican Candidate, be sure NOT to vote for them***!!" And other such unethical dirty tricks as that. **Robert A** recommends Republican candidates Danny Blanton and Ronnie Grigg to NOT get caught chatting with Dennis Bailey or any other Rogue Republican.

Robert A sticks to his original recommendations. **Only vote for Danny Blanton and Ronnie Grigg for the School Board.** Leave all the others blank. Let the Rogue Republicans and the Democrat candidates fight it out for the other two school board positions. Then, in 2024 we will "clean house" on the School Board. Replace Robert "Luke" Queen, Joel Shores, Ron Humphries, Rodney Fitch and Greg Taylor with good Republicans who can make the real changes that need to be made. Our

Children are depending on us to protect their future. So THEY can protect OUR old age. It is just as simple as that.

Stay Tuned Folks, This ain’t over ‘til it’s over on November 8th!!! And, there is much more to tell. And do.
