

CRAZY Shelby 9.12 TEA Party Exposed, may face eviction!!! Flu sends CCS Students and Teachers home by the hundreds!!! The latest news, gossip and comment provided by Robert A

Editor's Note: Recent news reports say the Democrat Controlled (By President Joe Biden's appointments) US State Department has given a \$20,000 Grant to the South American Country of Ecuador to fund a "Drag Show" at an Ecuador "Cultural Center." The US State Department has defended this by saying ***"The State Department is defending a \$20,600 grant for a cultural center in Ecuador to host "drag theater performances," saying it gives LGBTQ people an outlet "to express themselves freely and safely" in the South American country."***

The question arises, if the Democrat Controlled US State Department is willing to spend \$20,000 for such a frivolous endeavor in Ecuador; the Democrats would certainly, if allowed, require such drag shows, Critical Race Theory and other such trash be taught in Public Schools all across America?? Including Cleveland County Schools.

Therefore, this publication will certainly not recommend a Democrat for ANY public office at the Local, State and Federal Level. Period! Neither will we support RINO or Rogue

Republican Candidates. And, that is that!

The Article:

By now most everybody in Cleveland County knows about the Rogue Republican dominated CRAZY Shelby 9.12 TEA Party putting out their 2022 School Board sample ballots that endorsed two liberal Democrats for the School Board. Calling the named Democrats candidates "conservative." Nobody in their right mind would call their two Democrat endorsements conservative by any standard. At least not according to all the other Republican candidates for other offices on the TEA Party's recommended candidate's list.

But, more information, gossip and comments keep rolling in.

Word on the street has it that the CRAZY Shelby TEA Party's recommended candidates list was rolled out in such a way as to indicate that Bethel Baptist Church somehow concurred with or otherwise was involved with the CRAZY Shelby TEA Party's Candidates List recommendation for School Board candidates. That the conservative minded Bethel Baptist Church, who CORRECTLY flies the Christian Flag flying ABOVE the USA Flag on their flag pole, was disappointed (to say the least) that the CRAZY TEA Party had unwisely associated THEIR crooked and Rogue CCGOP politics with the Bethel Baptist Church's members deeply Christian and Biblical based apolitical beliefs.

Word also has it that Bethel Baptist Church has since put out their own "corrected" Candidate list and substituted the names

of candidates Danny Blanton and Ronnie Grigg for School Board instead of the CRAZY TEA Party's recommended liberal Democrat candidates. Also, that some at Bethel Baptist Church are advocating the eviction of the CRAZY Shelby TEA Party from their Church property, where the Church has graciously allowed the CRAZY Shelby TEA Party to hold their meetings for a number of years.

Other information about the CRAZY Shelby TEA Party is that Guy Smith, Hayden Soloway and Bill Turpish and maybe others are responsible for selecting the candidates that the Shelby TEA Party recommends.

Of the noted Shelby TEA Party members:

- Guy Smith is a multiple convicted pot smoker and (according to Guy Smith) a close associate of Speaker of the NC House Tim Moore. Smith is also a well known "suck-up" to other Rogue Republicans as well as being on the CCGOP Executive Committee; who are barred from ever supporting Democrat Candidates over Republican candidates. So much for the phony CCGOP rules and Plan of Organization.
- Hayden Soloway was the Shelby High School Class of 1966 Homecoming Queen. Hayden, however, has been the brunt of many "dumb blond" jokes. She is reported to be "light" in critical thinking skills and has a reputation of not being adept in forming her own opinion based on facts or truth. Or, LOGIC.
- Bill Turpish is a well-respected and honest Engineer who is well trained in critical thinking, logic and objective observation before forming a judgement.

However, Bill Turpish also firmly (maybe too firmly) believes in group consensus and majority rule. That once a vote has been taken by the group, Bill believes he has to honor and support the results of that vote. Whether he likes it or not. (Perhaps Bill Turpish should question whether or not he needs to be in such a Group as the CRAZY Shelby TEA Party.)

Robert A recommends **only** Danny Blanton and Ronnie Grigg for the CCS School Board. Elect **Blanton** and **Grigg** and let the Rogue Republicans and the Democrats fight it out for the other two seats. Do not become confused and allow any more Democrats or Rogue Republican supported candidates than necessary become elected to the School Board.

Regarding other matters:

—

It has been reported that hundreds of CCS students and teachers are at home sick with the flu. This, on top of the COVID shutdowns exacerbate the huge loss of education over the years from bad practices at CCS. Test Scores already show that the majority of CCS Graduating Seniors at CCS are not proficient at the 9th Grade Level. Although Graduation rates are around 90%. Passing scores have been lowered from 45 to 39.

Folks, whether you want to acknowledge it or not, Cleveland County is in an Educational Emergency. And, it is getting worse. It is imperative that Danny Blanton and Ronnie Grigg

are chosen in this 2022 Election Cycle. And more work has to be done in the 2024 Election Cycle. It is a shame that reforming CCS and the School Board has to take so long. Therefore, it is mandatory that Blanton and Grigg get your vote for the CCS School Board.

I am doing my job in providing Cleveland County citizens with this critical information. YOU are responsible for helping put Blanton and Grigg to work in reforming CCS. We all have to do our part in 2022 as well as 2024 when 2024 gets here.

Stay Tuned.

PS: If there are any discrepancies in what has been reported so far to Robert A, please notify Robert A s soon as possible for updates or corrections. Election Day, November 8th, will be here soon.P0SED
