

2022 Elections-Robert A Candidate Recommendations Marked-up Sample Ballot Provided for your convenience!! Print off and take with you to the Polls!! Election recommendations provided by Robert A

Folks, **Robert A** has written many articles regarding these 2022 Elections. Especially the School Board Elections. If you need any more information about the candidates, scroll on back and I am sure you will find the information you will need to justify voting for the candidates that are marked up on the attached Sample Ballot. Another important thing is to turn over the ballot and mark AGAINST the Commissioner's latest attempt to raise sales taxes. This will be the third time in five years the Commissioners have tried to increase sales taxes. Let's make this the THIRD time us voters have voted this down by overwhelming numbers. Like Former President Ronald Reagan once said, **"If you can't make them see the light, let them feel the HEAT!"**

So, folks. Print off a copy of the attached Sample Ballot and take it with you to your voting place tomorrow. Mark you real ballot as shown and run your real ballot through the voting machine. Make sure to get the ballot count of the voting machine. Doing this will make it clear to the Poll Workers that YOU are paying attention and NO Hanky-Panky will be

allowed.

And, don't forget to take a crowd with you to the Polls. Call your friends and neighbors to make sure they have a ride. This is an important election and EVERY voter needs to pay attention of everything that goes on. If anything seems amiss, be sure to immediately tell the election officials. And send Robert A a message if you are not satisfied with the answer you get. Remember that it is everybody's responsibility to ensure there are no more stolen elections. Or even the appearance of an election violation.
