Cleveland County News reports "The principal of Burns Middle School resigned this weekend for reasons unknown."

Editor's Note: Lots of recent bullying and school board cover-ups have involved Burns Middle School. One parent of a bullied student at BMS recently told Robert A that her son gets bullied every day at Burns Middle School and CCS "does nothing about it." There is no telling, yet, about the reasons behind this abrupt resignation of the BMS Principal. It is a sure thing that not a word will be spoken by the School Board at

their March Meeting. However, the overall pattern and MO of CCS is that abrupt resignations are in reality forced resignations in lieu of being fired or prosecuted. Followed by CCS silence because of "a confidential personnel matter." Also note that a recent bullying incident at Crest Middle School resulted in serious injury and 50 supporters of the family and five speakers showed up at the February 13, 2023 School Board meeting. Where the School Board did absolutely nothing. Except for School Board Chairman Robert Queen illegally calling on the Shelby Police Officer present to remove two persons for no good reason except to divert attention from his own and the school boards malfeasances. And the phonies at Political Smackdown took the bait.

Cleveland County News also reported, and with a live cellphone video, the following: BASKETBRAWL ERUPTS IN SHELBY MIDDLE GYM

Check out the video below, which allegedly happened at a Shelby Middle School basketball game.

Y'all gonna have to fill me in on exactly what happened, because I don't know.

UPDATE: The brawl happened at a "Shelby Panthers" basketball game, a little league that uses the facility and is not affiliated with Shelby Middle School.

Them little league basketball games in Cleveland County sure do get wild!

Editor's Note: Such a brawl as this would NEVER-EVER have happened if Mr. Willie Green had been allowed to build and operate his Sports Complex Project in Shelby. (UPDATE: Mr. Willie Green's Sports Complex in Athens, Georgia is up and running at full speed. Mr. Green has already purchased nearby property for a major expansion. The Athens Police Department have partnered with Mr. Green to provide referees for games

and other services. The City of Athens officials are “ticked pink” that Mr. Green’s privately funded project has been so beneficial to the City as well as to the youth of Athens. Shelby’s loss is Athens’ GAIN!!!
