Setting the Record Straight: by Sandra Stroud CCS Superintendent works for the School Board, NOT the other way around!!! by Robert A

I wish to use this platform and opportunity to get Robert Queen straightened out about who he and the other school board members are beholding to and it's NOT Supt. Stephen Fisher.

Supt. Stephen Fisher is an employee of Cleveland County taxpayers; interviewed and hired (and supervised) by the Cleveland County School Board. That's it! The school board members do not work for Stephen Fisher!

Robert Queen introduced one of his policies to state that school board members must get permission from Supt. Fisher if they wanted to visit a school. WRONG!! Queen is way off base with this policy! It's too bad that some of the school board members have become "waterboys" and "lapdogs" for Robert Queen. They operate as though they don't have the intelligence or willpower to rebuff Queen on any of his new policies that are nothing more than a means to hinder Ronnie Grigg and Danny Blanton for doing their jobs as school board members.

That is the whole problem with this school board-they follow the orders of a misguided chairman who is not interested at all about the education of our children, their safety or the success of their education. They just vote "YES" for everything that Queen throws at them. They've no minds of

their own. Every one of them should have voted, "NO," when he (Queen) offered up his "PERMISSION" POLICY. Again, I repeat. YOU school board members DO NOT work for Supt. Stephen Fisher, PERIOD.

With the exception of one or two; what we have for a school board are dumb sheep, waterboys and lapdogs! With the next election cycle (2024) we can remedy all of these bad and incompetent actors. Hallelujah!!
