

Observations: by Sandra Stroud Dead Schools in Shelby, No signs of children or life!! Editorial and comments forwarded by Robert A

Just wondering when the Cleveland County School Board will realize that there are two "dead school" zones" in the City of Shelby. The street and traffic signs are still up indicating that we're driving through school zones even though they're "dead." All of this is a constant reminder of the decline in enrollment in the schools in Shelby. Dead schools, empty buildings and no signs of children or life.

(Editor's Note: There are indications that the "Dead Schools" in question are Marion and Graham, which both had allegedly received repeated failing grades and were subject to immediate "State" takeover, had their students reassigned to other schools to prevent the State from taking over Marion and Graham. And, in the process, make the CCS Superintendent and School Board look bad. Perhaps the CCS School Board would like to explain this?? To Ms. Sandra Stroud as well as the rest of us.)

Editor's Note: **Ms. Sandra Stroud** is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, **Robert A** listens. When Sandra Stroud writes, **Robert A** publishes. If there is a typo, misspelling or unclear language, that is **Robert A's**, mistake, not Sandra Stroud.

Folks, there are more citizens like Sandra Stroud and **Robert A** in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to **Robert A.** Your identity will be protected. It is completely understood that **RETALIATION** is alive and well in Cleveland County.
