Policy requires school board members to get permission from Superintendent Stephen Fisher to visit schools!!  
Suggests Stephen Fisher may end up in unemployment line!!  
Editorial comment from Sandra Stroud forwarded by and concurred with by Robert A**

**Editor's Note:** School Board Policy 5020, as amended, requires school board members to get permission from Supt. Stephen Fisher prior to visiting any school or any school property. The person who drafted this amendment was first alleged to be Robert Queen. Now school board member Ron Humphries is claiming to be the author of the amendment. This illegal policy, as amended, was approved by a 6-3 vote at the March 13, 2023 School Board meeting after heated and flawed arguments by Robert Queen, Ron Humphries, Joel Shores, Rodney Fitch and Greg Taylor. Danny Blanton, Ronnie Grigg and Aaron Bridges correctly voted against this flawed and illegal policy amendment. It is expected that no board member will comply with this policy as amended. Also note that Sandra Stroud has

reduced this issue to its simplest terms in her comments shown below.

**The BS Policy:** by Sandra Stroud

*I'm having explain again to the "Water Boys" on the Cleveland County School Board Who Superintendent Stephen Fisher works for and who the ELECTED officials work for.*

*First, I am going to have to get all of you on a clear path of thinking. Salaries of all types for the many employees of Cleveland County comes from the revenue collected through our tax system. That means Supt. Stephen Fisher is a paid employee of Cleveland County as are all of our elected officials.*

*School Board members are elected officials and they do not in any way work for Supt. Stephen Fisher. Furthermore, the nonsense policy that was written by Robert Queen means nothing. He is a board member acting as chairman for the board with NO AUTHORITY to make policies directed to (other) board members.*

*All but three board members voted for the nonsense policy (5020 as amended) which indicates that six men on the board do not have the intelligence to know that NOBODY can enforce the policy or punish if the policy is violated. School Board members are ELECTED OFFICIALS!! Who can punish them if they violate this stupid policy?*

*Go ahead Danny Blanton, Ronnie Grigg and Aaron Bridges! I (as a citizen and a voter) give you permission!! You (three) are the only members on the CCSB who are trying do what you should. Go into any school that you need to and we'll see what will happen. **Stephen Fisher may find himself in the unemployment line!***

When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. Folks, there are more citizens like Sandra Stroud and Robert A in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to Robert A. Your identity will be protected. It is completely understood that **RETALIATION** is alive and well in Cleveland County.
