Come folks, Let’ us REASON together! In reference to Robert Queen and his BS Policy (5020)—this is just another one of his childish tactics used to bully and threaten school board members Ronnie Grigg and Danny Blanton (along with Aaron Bridges). Queen thinks he can block them from entering schools when they are called upon to investigate some problem. Queen is using his BS Policy (5020) to affect the only board members (Grigg and Blanton) who are doing their jobs. (Note that Aaron Bridges also voted against Queen’s BS Policy.) Joel Shores, Rodney Fitch, Ron Humphries, Walter Spurling and Greg Taylor have done nothing to assist with ANY ongoing problems, at ANY school, EVER!! All of them are empty vessels eating up a salary and doing nothing to earn it!!

Queen has authored a policy (5020) that is unenforceable! It has no value in any way to the education of students: it lacks standing with the NC Education System; if and when the policy is violated: Queen cannot make an arrest or file a violation (of law). Neither can Stephen Fisher nor Sheriff Alan Norman. It is only a policy that is without legal standing. Hence Queen has no legal standing to author such a policy, much less enforce it. So, just how valid is such a petty and childish thing as this BS when it cannot be enforced AND should it be violated, who has the authority to punish??!!

(CCS) Superintendent Stephen Fisher has shown Cleveland Countians just how shallow and vulnerable he is by his involvement in such a frivolous action by Queen. He (Fisher) would be wise to stick to his administration duties and stop pandering to bully Queen, else, he may end up with a disgraceful reputation as did Bruce Boyles.

Editor’s Note: Ms. Sandra Stroud is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, Robert A listens. When Sandra Stroud writes, Robert A publishes. If there is a typo, misspelling or unclear language, that is Robert A’s, mistake, not Sandra Stroud.

Folks, there are more citizens like Sandra Stroud and Robert A in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no

more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to Robert A. Your identity will be protected. It is completely understood that RETALIATION is alive and well in Cleveland County.
