# Parliamentarian or NOT!??! by Sandra Stroud!! Wake Up People of Cleveland County, See who you and me have elected!! (Would be King) Queen and his lapdogs and Waterboys!! Comment forwarded by Robert A

***Parliamentarian or NOT on the School Board??:*** *by Sandra Stroud*

***The Webster's New American Dictionary gives a clear and simple definition of the words "Legislator" and "Parliamentarian." Here are the clear definitions: Parliamentarian-one who is versed in the law and the usage of public meetings and legislation. Legislator-a lawmaker, a member of a lawmaking assembly.***

***(School Board member) Ron Humphries is the current parliamentarian of the Cleveland County School Board, yet, we have witnessed all sorts of actions by the acting chairman abusing his position. It is the duty of the Parliamentarian to correct unethical and and unlawful actions of the Chairman or by any other board member.***

***A chairman of a local board does not hold lawmaking powers as Robert Queen has claimed. Robert Queen is not in an active lawmaking assembly. Parliamentarian Ron Humphries should have corrected Robert Queen when he heard the chairman make the claim of having the same power as a legislator.***

***The only reasonable conclusion to be made from the inaction of parliamentarian Ron Humphries is that he is either incompetent and cannot carry out his duties or he is a devoted lapdog and waterboy for Robert Queen and would never dare to disagree with his (Queen's) actions.***

*Editor's Note*: ***Ms. Sandra Stroud*** is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her

name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, **Robert A** listens. When Sandra Stroud writes, **Robert A** publishes. If there is a typo, misspelling or unclear language, that is **Robert A's**, mistake, not Sandra Stroud.

Folks, there are more citizens like Sandra Stroud and **Robert A** in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to **Robert A.** Your identity will be protected. It is completely understood that **RETALIATION** is alive and well in Cleveland County.
