

NC Is First Major Democrat DEFEAT from Trump's Phony Indictment!! Democrat Governor Roy Cooper Neutered Completely!! NC Republicans just gathered enough votes to Over-ride a Veto!!! Report and political analysis by Robert A

North Carolina House District 112 incumbent [Tricia Cotham](#) held a Press Conference today to announce that she had officially changed her political affiliation from Democrat to Republican. Completing the process of having a Veto Proof Supermajority that enables the NC House and Senate to over-ride any veto from Democrat NC Governor Roy Cooper. Completely breaking Governor Cooper's Joe Biden Liberal Democrat type influence on just about anything and everything involving North Carolina Government. It is not a minute too soon.

Ms. Cotham, standing beside smiling Cleveland County's NC Speaker of the House Tim Moore at her press conference (covered by National News) said that she was "[tired of being bullied](#)" by Governor Cooper and the Democrat Party. Since Ms. Cotham is tired of being bullied, it is expected that she will support and changes to NC Law that might be required to make the Cleveland County School Board put an end to all the bullying going on at Cleveland County Schools. [Robert A](#) has heard from way too many parents that tell him that their child

gets bullied at school every day and NOBODY does anything about it. Even when the parents call the CCS Superintendent Stephen Fisher and School Board Members, there is still nobody doing anything about it. Also, perhaps Parents Against Bullying, NC (a Shelby non-profit) will have a new ally in the NC Legislature to force NC School Boards, especially the CCS School Board, to do something that will effectively remove bullying from CCS.

Also, this phony indictment of President Trump will surely energize Trump supporters in NC and Cleveland County (and the USA) to turn out the vote in the 2024 Elections. To not only defeat all Democrats, Communists and Socialists, but to get rid of all the Rogue Republicans too. From all elective offices and appointments as well. Let's all get together to save the USA, North Carolina and Cleveland County. All at the same time.

Perhaps Robert A will jump into the fray. Hopefully YOU will too. Otherwise the Rogues will keep control and who needs that drama; as we all saw in the mega-disaster 2022 School Board Republican Primary Elections.
