

Responsibility and Accountability: by Sandra Stroud!! Editorial Comment forwarded by Robert A

Responsibility and Accountability: by Sandra Stroud

I offer no apologies for what I write here. I am so tired and frustrated about all the reports of innocent citizens being killed by a mentally disturbed person. Innocent people who were just going about their lives and bothering nobody are being murdered, even little innocent school children. This kind of barbaric behavior must end.

I lay most of the blame for this kind of violent behavior at the feet of family members of the perpetrators. If a member of a family has a mental disease then it's the whole duty and responsibility of that family to protect us from them. Every time I hear of another incident of innocent citizens being killed it is almost certain that during an investigation there will be evidence that the perpetrator has had a history of mental illness.

Nobody can convince me that a person living in a home where there are other family members living and nobody knows that a mentally disturbed member of the family owns guns!? Come on now! Of course they know of guns in the home! It is the responsibility of the parents and all others to report that a mentally ill person has guns. Just how the (mentally ill) person obtained the weapons is a whole different issue!

What I am discussing here is simply "responsibility." Parents or spouses of mentally "challenged" persons should be held accountable for their own. It's not my responsibility or yours to account for the violent and murderous acts of

another. When family members start being held accountable for the bad acts of their kin is when we will see less violence from these people.

Sandra Stroud

Editor's Note: *This "Editorial Comment" and thoughts submitted by Sandra Stroud are profound, yet are also Bible Based. Perhaps the following Biblical teachings and others are a much better solution to the problems facing our society of today than anything else that has been offered-up by the left-wing, socialist, liberal democrats that are presently in Office in Washington, DC. And taught to our children in Schools across the USA. CCS included.*

Proverbs 22:6 states: *Train up a child in the way he should go: and when he is old, he will not depart from it.*

Proverbs 22:15 states: *Foolishness is bound in the heart of a child; but the rod of correction shall drive it far from him.*

Robert A believes that this *"Rod of Correction,"* properly applied, would put a swift end to all the bullying going on at CCS schools. And everywhere else too!

Sandra P. Stroud

Editor's Note: **Ms. Sandra Stroud** is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, **Robert A** listens. When Sandra Stroud writes, **Robert A** publishes. If there is a typo, misspelling or unclear language, that is **Robert A's**, mistake, not Sandra Stroud.

Folks, there are more citizens like Sandra Stroud and **Robert A** in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We

want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to **Robert A.** Your identity will be protected. It is completely understood that **RETALIATION** is alive and well in Cleveland County.
