“Thanks! (This article is unsolicited)!”: By Sandra Stroud

I appreciate the generosity of Robert A. Williams for sharing his publication with me by allowing me to express my opinions and thoughts. I encourage any of you to join us with your own viewpoints and opinions. Just tell the readers what is on your mind. If you have identity concerns, there is a remedy for that.

Good Government is made possible when “we the people” demand it. As you know, government at all levels has become so corrupt and it’s our duty as good citizens to hold government officials accountable for their actions. We can be the whistleblowers and ferret out the bad players as Mr. Williams has done for many years. Because of his unrelenting investigative reporting he has been victimized, ridiculed and

maligned and falsely accused many times. Thanks Robert A. Williams for giving us honest accounts of newsworthy issues in and around Cleveland County.

“if you are in government service, this message is for YOU: If you think that you can cheat us, be dishonest, roll over us, steal from us or disrespect us; you had better think it over before you try it.” Nothing is hidden that will not be revealed. WE are watching and listening!!

Thank you, Robert A for your publication. Keep digging!!!

Sandra Stroud

Editor's Note: Thank you Ms Sandra Stroud for your kind words. I will keep digging, for we all know there are lots of things hidden that need to be seen by the people who are paying Cleveland County's bills.

Folks, Stay tuned for more thought provoking articles. Ms. Sandra Stroud, Robert A and others have hit on the many weaknesses of Cleveland County Government. School Board, Commissioners, etc. Be prepared when Robert A puts all this together. Also, folks, it is getting time for good people who care about our children and their education to get themselves ready to run for the School board in the 2024 Elections. Commissioners too. The Candidate filings starts December 4th at High Noon through December 15th at High Noon;5th with the Primary Elections in early March 5th of 2024. If you wait around, the only people that will be hurt will be YOUR children. Or YOUR grandchildren. More detailed timelines will be provided soon.

For those of you, for one reason or another, who feel afraid to speak out because of retaliation against yourself and/or your family members, Robert A will make sure your identity is protected. We all want to hear your thoughts, opinions,

viewpoint and information too. Knowledge is power, but only when shared!

Sandra P. Stroud

Editor's Note: **Ms. Sandra Stroud** is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for

Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, Robert A listens. When Sandra Stroud writes, Robert A publishes. If there is a typo, misspelling or unclear language, that is Robert A's, mistake, not Sandra Stroud.

Folks, there are more citizens like Sandra Stroud and Robert A in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to Robert A. Your identity will be protected. It is completely understood that **RETALIATION** is alive and well in Cleveland County.
