eye-witness verification and commentary provided by Robert A

It was Monday, 1:31 PM, May 15, 2023 when the call from a reliable source came in to Robert A. The message was that Robert A should drop whatever it was that he was doing, Travel to Highway 74 Business heading into Kings Mountain, BRING a CAMERA and look for the big Cleveland County Democrat Party Billboard on the right-hand side of the road. Since this source has always provided reliable information, this was exactly what Robert A did. Robert A took a picture of this Billboard, the picture came out well and it is included later in this article.

The Billboard states: **“Public Education Supports Our Children’s Future,”** **“ClevelandCountyDemocratPary.com”** and **“Paid for by the Cleveland County Democrat Party of NC”**, The Billboard meets all the requirements of the North Carolina Board of Elections for the 2024 Elections and is a clear indication that “somebody” is putting up big bucks for Democrat Candidates to recapture the majority on the Cleveland County School Board from the five Republican Seats held by Robert Queen, Ron Humphries, Joel Shores, Rodney Fitch and Greg Taylor in the 2024 Elections. And MORE.

Many are telling Robert A that he is wrong about calling the Robert Queen crowd, including newly elected School Board Member Walter Scott Spurling,” Rogue Republicans.” They are worse than just Rogue Republicans they say. “These so-called Rogue Republicans are acting more like a **“Criminal Syndicate”** they believe. Perhaps the description Criminal Syndicate is more right than wrong. Robert Queen has been selected as Chairman of the School Board two times. Both by a 5-4 vote and in the second 5-4 vote Queen was unopposed. Also, Walter Scott

Spurling, the swing vote, was voting remotely while recovering from a major surgery and likely still full of fentanyl. He sounded that way anyway.

Whether just Rogue Republicans or a Criminal Syndicate, these fool republicans have created amongst themselves a major rift in the Republican Party that, all by itself, was a clear invitation to the down and out Democrat Party to revive itself from extinction in Cleveland County for the next full generation of voters and attempt a comeback in the 2024 School Board Elections. Especially since the “sane” Republicans seeking to purge the criminal syndicate/Rogues from the School Board are also recruiting five more sane Republicans to defeat the criminal Republicans. Basically, the Cleveland County GOP has sunk so low and the factions are so divided that even the blind, deaf and dumb Democrats can see the light of opportunity in the 2024 School Board Elections.

Then, throw in the **Shelby Women for Progress** group that is forming to also overthrow or overtake the Criminal Syndicate/Rogues on the School Board and who knows what is about to happen on the CCS School Board in the 2024 School Board Elections.

Then, folks, let's consider a bigger picture of the Cleveland County, North Carolina and National politics and the 2024 Elections. The lunatic “Woke” faction of the Democrat Party. For all of their crazy ideas, stupid commentary and foolish behavior, they have, by hook or crook, managed to put Joe Biden and Kamala Harris into the White House. And plan on keeping them there. High gas prices, record high inflation, food prices through the roof and hordes of epic proportions of illegal what-ever(s) crossing our borders and even invading our beer commercials and women's sports every day-No matter. These well-funded Kooks may be infiltrating the Cleveland County Democrat Party of NC with bigger plans that just

retaking the Cleveland County School Board majority.

North Carolina already has a big political divide between the many conservative rural counties like Cleveland County and the six or seven Big City Counties like Charlotte-Mecklenburg, Raleigh-Wake, etc. This is how Governor Roy Cooper has gotten himself elected and re-elected. Pull just a few voters from Cleveland County and other such small counties and stuff the ballot boxes in Charlotte, Raleigh, Durham, Asheville, and Greensboro.

But with more scrutiny on voting requirements, picture ID's, Paper ballots, etc., it may be harder to cheat in the 2024 Elections. So, the George Soros's and other big buck Democrat donors may very well be the ones who are funding these high-dollar Democrat Billboards like this one we just discovered in Kings Mountain. And, Kings Mountain, home of NC Speaker of the House Tim Moore would be a good place to start. Since NC has obtained supermajorities in the NC House and NC Senate, enough to override Governor Cooper's Veto, like they did yesterday in the 12-week Abortion ban, Tim Moore is a high priority target for the Democrats at every level. County, State and National level.

Tim Moore is also a target for some factions in the Cleveland County Republican Party. Tim stood by and did nothing while the Rogue/Criminal Syndicate crowd of Republicans caused so much hate and discontent in the 2022 School Board Elections. Both sides of that shenanigan are peeved at Tim Moore and the State Republicans. The Rogues-Criminal Syndicate Republicans are P.O.'d at Tim for not helping them enough. And, the Sane Republicans are P.O.'d at Tim and the State Republicans for not enforcing the Republican Party Plan of Organization rules on the Rogue-Criminal Syndicate Republicans. Some think Tim Moore is influenced too much by those around him.

Some are mad at Tim because THEY don't have as much influence over Time Moore as they would like to have. Some, like [Robert](#)

A, wonder why Tim still allows Guy Smith, Dennis Bailey, Kevin Whisnant and a few others around him at all. Also, there are rumors that some of the Kings Mountain City officials are P.O.'d at Tim because of some zoning influence redistributions that didn't suit their fancy.

No matter what folks, the Democrats in Cleveland County seem to be arising from their coffins like vampires who have the pine stakes removed from their hearts. The CC Democrat website is calling for candidates to file for offices and other such things. Robert A is suggesting that we ALL keep our eyes open regarding the Democrats and that we recruit five good Republican Candidates for the School Board and three good candidates for the County Commissioners in the 2024 election. And ALL be good Trump supporters who remember how much better things were when Trump was President. And want to Make Cleveland County GREAT-once and for all times in the future.
