Sandra Stroud puts a Double-Whammy on the CCS School Board!! Parents Speak and Ronnie Grigg on the Move!! CCS School Board and Administrators-Be Smart or hit the ROAD, Jack! Comments forwarded, provided and concurred with by Robert A

“Parents Speak” by Sandra Stroud

“I watched a portion of the Charlotte/Mecklenburg County School Board meeting on TV and boy did it get fiery! If parents would stand up and speak their minds at a Cleveland County School Board Meeting the way these parents were doing, Robert Queen would ask for them to be arrested!!

These parents were irate about books of sexually explicit content being in public school libraries. They didn’t spare any words to the school board about their dissatisfaction about it either! Good for them!! Parents SHOULD speak out. They should DEMAND that nasty; sexual and vulgar reading materials be banned from school libraries. Parents can teach their children about sex when THEY believe their children are age appropriate and mature enough. Some things should be taught by parents, not public schools.

I would almost guarantee that the libraries in Cleveland County Schools are NOT free of reading materials of sexual content and are readily available to students!

Sandra Stroud

Editor's Note: **Robert A** visited the Main library in Shelby, the Children's Section, and calculates those books are roughly equivalent to the books in CCS Elementary School libraries. **Robert A** was shocked when he discovered that 60% or more of the books were unfit for small children to read due to "Woke" sexual, racial and anti-social content. Anybody that doesn't believe this can go visit the Shelby Library on Sumpter Street and see for yourselves. Or ask Commissioners Doug Bridges and Deb Hardin.

***Ronnie Grigg on the Move**: by Sandra Stroud*

It's shameful to see a man get elected to the Cleveland County School Board who is intuitive, intelligent; who has a sense of understanding what a school board member is charged with doing, while at every turn his ideas are shot down and never allowed for presentation to the board. Ronnie Grigg is no ordinary School Board Member. He wants to get things done while others on the board want to warm a chair. They have nothing to contribute except a bucket of water. Their assignments are to carry water for their "master," Chairman Robert Queen. We taxpayers didn't know we were electing waterboys to the Cleveland County School Board.

If Ronnie Grigg has the desire to be innovative in the realm of education for our schools, then every school board member should encourage him and be a help to him. However, all of them show no interest nor have any new ideas of their own. And they certainly won't support Mr. Grigg. The whole lot of them need to be replaced. Why should taxpayers continue to

give out checks to them when they have done nothing to earn a County paycheck? The only words that we have heard from the mouths of Greg Taylor, Joel Shores, Rodney Fitch, Ron Humphries, Walter Scott Spurling and Aaron Bridges is yes, yes, yes to every statement spoken by Robert Queen. You readers decide. Do we have a Cleveland County Board of Education or do we have a Board of Idiots?

Sandra Stroud

PS* More to come about Ron Grigg…

—

Editor's Note*:* It is totally clear that Ms. Sandra P. Stroud has no use for do-nothing waterboys who are doing so poorly in overseeing the education of our children. And doing their best to waste taxpayers' money in the process. This is nothing new for Sandra Stroud. She began when she saw the deficiencies in the educational processes her own child was going through and spoke out-often and loudly. Smart educators took her advice and accepted her help. Less smart educators soon learned it was best to stay out of her way. By graduation time for Ms. Stroud's child, she was convinced that her child was properly educated. ***Robert A's advice to the present CCS School Board and Administration is to be SMART! Take Ms. Stroud's words and comments to heart as constructive criticism and see to it that you do things better. Otherwise, be prepared to hit the road come election time. If not sooner.***

Sandra P. Stroud

Editor's Note: ***Ms. Sandra Stroud*** is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, **Robert A** listens. When Sandra Stroud writes, **Robert A** publishes. If there is a typo, misspelling or unclear language, that is **Robert A's**, mistake, not Sandra Stroud.

Folks, there are more citizens like Sandra Stroud and **Robert A** in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed

drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to **Robert A.** Your identity will be protected. It is completely understood that **RETALIATION** is alive and well in Cleveland County.
