

**Burns High School
Vandalism—News Heard Around
the World!! Readers in
England laughing at CCS
Leadership!! Citizens, Stop
the Skunks!! Demand
Accountability and Justice!
Be prepared to help pay for a
Ronnie Grigg legal defense
fund!! Commissioners, Stop
this foolishness RGHT NOW!!!
Report, Predictions and
Recommendations by Robert A**

Sources who keep track of such things have reported that news regarding the recent vandalism at Burns High School has been picked up by bloggers and news media as far away as England. And that news sources and readers around the world are applauding CCS School Board member Ronnie Grigg for leading the charge to hold the perpetrators AND the enablers responsible and accountable.

The consensus is anybody and everybody trying to cover-up such illegal actions such as trashing schools is laughable. And criminal. Only in America could such a liberal and rogue faction of complete fools be stupid enough to take-up for such

costly and foolish things such as "Senior Pranks" on steroids. Much less encourage and enable such as what happened at Burns High School in Cleveland County, North Carolina, USA in the first place. In short, most everybody that is sane from around the world would agree with that.

However, not every right-thinking people from around the world or even Cleveland County have seen firsthand the likes of Robert Queen, Joel Shores, Ron Humphries, Greg Taylor, Walter Scott Spurling and Stephen Fisher in action. (Rodney Fitch is left out for now because he was absent at the May 22, 2023 Special Called meeting because of a 102.4 fever.) Actually, only two members of the public; David Poston and Robert A, were present at a School Board workshop soon after Danny Blanton was re-elected and Ronnie Grigg, Aaron Bridges and Walter Scott Spurling were first elected in 2022 and witnessed first-hand the wild and wooly personal attacks against Grigg and Blanton that have become standard fare at School Board meetings. To most folks round the world such shenanigans would be hard to fathom.

But, now that this scandal among scandals, the vandalism that trashed Burns High School last Thursday evening, has become world-wide news and Queen, Fisher, Shores, Taylor, Humphries and Spurling have shown themselves to be the fools that they are. And, they are PO'd. Major PO'd to the point that they are dangerous to themselves and others. And, their anger is targeted toward Ronnie Grigg who is now the Hero of the taxpayers and citizens of Cleveland County because of this latest episode of School Board stupidity.

Now, from various Facebook accounts, the likes of Queen, Fisher, Taylor, Humphries, Spurling and Shores have called in their Rogue Republican troublemakers from the 2022 Elections, led by Kevin Whisnant and joined by CCS misfits and wannabees, to attack Ronnie Grigg. Sadly, they have also enlisted the School Board Attorneys to join in their vile and unethical efforts to discredit and possibly remove Ronnie Grigg from the

School Board. (Folks, if you think the School Board Attorneys represent the citizens of Cleveland County YOU are 100% wrong. The attorneys work for the School Board members and Queen, Shores, Humphries, Taylor, Fitch and Spurling represent the majority vote. So, Folks, the smell of Skunk is heavy in the air. Robert A predicts that it is very likely that the Queen and Fisher set of skunks are planning something drastic against Ronnie Grigg and perhaps Danny Blanton and now Aaron Bridges. And SOON. An attack that will be spearheaded by some sort of puffed-up and smelly legal action. Paid for by us taxpayers.

Folks, it would be dangerous for our children's future to allow such shenanigans by the skunks to prevail. And Ronnie Grigg, Danny Blanton and Aaron Bridges should NOT have to finance a legal defense all by themselves for their heroic efforts to better the educational system in Cleveland County that will benefit all of us. And our children and our way of life as we know it. So, start saving your spare change and dollars for a Ronnie Grigg, Danny Blanton and Aaron Bridges Defense Fund, if necessary. And, in the meantime blow up the telephones and emails of Queen, Fisher, Shores, Taylor, Spurling Humphries AND Rodney Fitch with messages to lay off this foolishness and get with the program. Burns High School was vandalized and us Cleveland County citizens and taxpayers demand accountability and justice be done. Period!!!

PS: Folks, Call and email the Commissioners too! Tell the Commissioners, be prepared to chip in too!!! Tell the School Board, in no uncertain terms, to stop this foolish at CCS. AND STOP RIGHT NOW!!!

Note that this article will be sent directly to all the Cleveland County Commissioners and School Board members. And the Sheriff.
