

Sandra Stroud Speaks, Twice!! About CCS and BHS Vandalism! Thanks Ronnie Grigg and Upright Education in Cleveland County SS Comments proudly forwarded by Robert A

Thanks Ronnie Grigg! by Sandra Stroud

"I extend my personal thanks to CCSB Member Ronnie Grigg for standing up and speaking to the public via a TV Interview. Thanks Ron, you did a good thing and you did the right thing! With two lawmen on the CCSB, neither of them found any harm that was done at Burns High School. I find this to be highly suspicious being that these two men are lawmen! With pictures of the damage one of the lawmen became enraged and demanded to have the names of who gave them to the board member who presented them. Makes me wonder if this board member/lawman even knows where his loyalty lies!! It's a sure thing now that we will not be voting for any more lawmen to be on the CCSB.

You go Ron Grigg!! You're our man!! Don't let the bullies on the school board intimidate you. They'll be gone at the next election!!"

Upright Education, A Satire by Sandra Stroud. Dedicated to CCS Superintendent Stephen Fisher and the Burns High School Principal.

"Only in Cleveland County can your child get the highest quality education! It is just marvelous and righteous that

students are being educated by such an esteemed educator. They're being taught in small groups on how to vandalize a public building and avoid arrest at the same time! This is a wonderful course for students who are on the fringes of wannabe criminals. There are no consequences for damages done! What a fabulous learning experience for students!!"

Editor's Note: Ms. Sandra Stroud is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud

Folks, there are more citizens like Sandra Stroud and Robert A in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to Robert A. Your identity will be protected. It is completely understood that RETALIATION is alive and well in Cleveland County.
