

Sandra Stroud Speaks: CCSB gives Greenlight to Bad Behavior!! BHS Vandalism Perps Get Photo-op with Supt Fisher and CCSB!! Danny Blanton and Ronnie Grigg get railroaded for calling for accountability and trying to protect taxpayers!! SS comments proudly forwarded by Robert A

Editor's Note: Ms. Sandra Stroud attended the May 30, 2023 Special Called Meeting of the Cleveland County School Board. As luck would have it, Ms. Stroud and Robert A ended up sitting together on the third row in the crowded CCS Central Offices Auditorium. The first two rows were filled by the perpetrators of the May 25, 2023 vandalism at Burns High School and their many BHS chaperones. Both Ms. Stroud and Robert A (and many, many others were completely shocked at what transpired at this Special Called CCS School Board meeting. This is the first of many articles to come that will be related to this meeting which looked like it came straight out of The Communist Manifesto. This meeting as well as the evil communistic actions that took place in the meeting already has Cleveland County Buzzing in shocking disbelief and calls for lawsuits and other legal and election related

actions. Folks, You can count that Robert A, Sandra Stroud and many others will be soon working together to right the many wrongs that took place at this meeting. You can see this for yourself on the Cleveland County News website and the CCS School Board meeting Broadcasts. Even Political Smackdown has weighed in (still a rather milquetoast coverage) on this in their unusual and extended discussion coverage of this CCS Meeting.

Greenlight by Sandra Stroud:

A precedent has been set for all future graduates in Cleveland County High Schools. The Superintendent of Education (at Cleveland County Schools), the Cleveland County School Board and Law Enforcement have given the Greenlight to students who want to celebrate their graduation by acts of destruction to School property.

It is now an OK celebration to have free range to destruct without limits. For the next class of graduates, they can "burn the place down!" if they so please. That is the precedent and signal that has now been given by the ones who should treat vandalism and destruction of public property as a serious crime. But NOooo! is what we get from the "geniuses" that are now running Cleveland County Schools!!

Sandra Stroud

Editor's Note #2. Folks, You can bet that Ms. Sandra Stroud as well as Robert A are heating up our rhetorical skills to "white hot" levels in our future articles about this disaster of a CCS School Board Meeting. Including the "skin show" we saw the moment this Special Called Meeting was adjourned and the Burns "women" vandalism perpetrators sitting in the row right in front of us stood up. The skin-show was just shy of pornographic. Ms. Stroud is sending an article with her description and I am working on my description. Both of us are trying to figure out our descriptions. Clear description of what our schools dress codes have turned into and yet, not to be crude. This will be a daunting task. And it might have to

include the conclusion that perhaps this was the reason Robert Queen, Joel Shores, Walter Scott Spurling and Stephan Fisher were so eager to get into that Photo-op with these young adult WOMEN (not girls) who are graduating from Burns High School this year.

Stay tuned folks. There are surely many "Hell to Pay" moments that are yet to come about in the righting of the many wrongs emanating from the Rogues on the CCS School Board. Robert Queen, Joel Shores, Ron Humphries, Rodney Fitch, Greg Taylor and Walter Scott Spurling. As well as the School Board lawyers. Probably beginning with the School Board lawyers.

Sandra P. Stroud

Editor's Note: Ms. Sandra Stroud is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland

County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, Robert A listens. When Sandra Stroud writes, Robert A publishes. If there is a typo, misspelling or unclear language, that is Robert A's, mistake, not Sandra Stroud.

Folks, there are more citizens like Sandra Stroud and Robert A in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to Robert A. Your identity will be protected. It is completely understood that RETALIATION is alive and well in Cleveland County.
