

**Sandra Stroud says: “Roll on
Schools!” Tear it all up!!
CCSB Special Called Meetings
a Theatrical Production. All
fiction and Illusion, smoke
and mirrors!! No reality!! No
Truth!! Danny Blanton and
Ronnie Grigg get railroaded!!
for calling for
accountability and trying to
protect taxpayers!! \$89,327
in total damages caused by
Vandalism/Senior Prank at
BHS!! SS comments proudly
forwarded by Robert A**

**Editor’s Note: Ms. Sandra Stroud attended the May 30, 2023
Special Called Meeting of the Cleveland County School Board
and, like many others, was shocked beyond belief. Ms. Stroud
says “the whole world will know about the failed CCS School
Board leaders here in Cleveland County before I am through.
Let them censure or censor me if they are stupid enough to
try. I am so mad and focused, every time I turn around, I
think of more different things to say about Kahuna Robert**

Queen and his waterboys, watergirl and his wannabee disciples. Rogues and fools, all of them! Including Supt. Stephen Fisher."

Roll On Schools-Tear it all up; By Sandra Stroud

As you know, a Special Meeting was called for the CCSB on May 30, 2023 at 6:00 PM. It was business as usual-six (6) against three (3) with censures handed out to Danny Blanton and Ronnie Grigg. It was just another of Kahuna Queen's Theatrical Performances.

The meeting was really called to reward and recognize the fifteen (15) criminal vandals, the Burns High School students who vandalized and destroyed public property that were all seated in the front row. Most wore their Burns T-Shirts, some female students among them wore jean short, shorts that were indecent and showed more than needed to be shown at a public meeting. I noticed that the meeting agenda did not allow for the students to make apologies.

There has been and continues to be no mention that any wrong has been done by the celebrated ones and their coaches and principal. That is how Cleveland County Schools roll under the direction of Superintendent Stephen Fisher. Roll on schools. Tear it all up!

Sandra Stroud

Editor's Note #2: According to Supt. Fisher the "damage" was limited to a destroyed microwave and two old tables. The actual damage was much, much more:

☐New carpeting costing \$12,000 was soaked by Baby Oil and torn up and removed during the Cleanup. \$12,000

☐A new commercial Microwave to replace the one destroyed. Estimated cost \$300.

☐Potted plants that were stuffed into toilets, plus removal and cleanup costs. \$1,000

☐Cleanup costs of Vaseline and baby oil spread everywhere. Which requires strong degreasers and much more effort than just wiping up or wiping off. Perhaps no destruction but a

major cleanup cost in custodial and teacher time. \$5,000

□ Labor time to move furniture, tables, desks, chairs, etc. back into original position. Custodial and teacher time. \$15,000

□ Changing locks on every door due to security breach and the lack of continued custody of master keys by CCS Principal. \$15,000

□ Regeneration of records and documents strewn about by the vandalism, then cleaned up and hauled away during cleanup. \$15,000

□ Complete and total loss of educational time for all students, teachers and administrations for one day of cleanup and restoration at Burns High School. Priceless, but estimated to be at least \$27,027.

\$89,327 in total losses and damages caused by the criminal vandalism at Burns High School on May 25, 2023

Editor's Note #2. Folks, You can bet that Ms. Sandra Stroud as well as Robert A are heating up our rhetorical skills to "white hot" levels in our future articles about this disaster of a CCS School Board Meeting. Including the "skin show" we saw the moment this Special Called Meeting was adjourned and the Burns "women" vandalism perpetrators sitting in the row right in front of us stood up. The skin-show was just shy of pornographic. Ms. Stroud is sending an article with her description and I am working on my description. Both of us are trying to figure out our descriptions. Clear description of what our schools dress codes have turned into and yet, not to be crude. This will be a daunting task. And it might have to include the conclusion that perhaps this was the reason Robert Queen, Joel Shores, Walter Scott Spurling and Stephan Fisher were so eager to get into that Photo-op with these young adult WOMEN (not girls) who are graduating from Burns High School this year.

Stay tuned folks. There are surely many "Hell to Pay" moments that are yet to come about in the righting of the many wrongs

emanating from the Rogues on the CCS School Board. Robert Queen, Joel Shores, Ron Humphries, Rodney Fitch, Greg Taylor and Walter Scott Spurling. As well as the School Board lawyers. Probably beginning with the School Board lawyers.

Sandra Stroud

Sandra P. Stroud

Editor's Note: Ms. Sandra Stroud is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, Robert A listens. When Sandra Stroud writes, Robert A publishes. If there is a typo, misspelling or unclear

language, that is Robert A's, mistake, not Sandra Stroud. Folks, there are more citizens like Sandra Stroud and Robert A in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to Robert A. Your identity will be protected. It is completely understood that RETALIATION is alive and well in Cleveland County.
