Questions for Stephen Fisher and Robert Queen: By Sandra Stroud

With all the efforts to suppress the news of vandalism at Burns High School-I have just a few questions for CCS Superintendent Stephen Fisher and

School Board Chairman Robert Queen.

Why do you not want the taxpayers of Cleveland County to know that a principal allowed an undetermined number of students to go inside a school and destroy whatever they chose to destroy?? Why can't we get an answer from YOU?? Why are you continuing your unsuccessful efforts to suppress this information?

Speak to Cleveland County!! We don't want emails and we don't want lies. We expect and demand a public statement. YOU censured two CCSB because THEY spoke, NOW, it is your turn to speak! Let's hear YOUR version about what happened at Burns

High School. We don't want a pack of lies either. We want the truth and nothing but the truth!! SPEAK Fisher! Speak Queen! You both know that I was present at your May 30, 2023 meeting and YOU refused to allow talk about the vandalism itself. All you wanted to do was censure Danny Blanton and Ronnie Grigg.

Speak Fisher! Speak Queen! This awful thing you did to Danny Blanton and Ronnie Grigg won't be over until "We the People" say it's over!!

PS: Joel Shores, Ron Humphries, Greg Taylor, Walter Scott Spurling and Rodney Fitch, this demand goes for you too!!

Editor's Note: There is a CCS School Board Meeting this coming Monday night at 6:00 PM. June 19, 2023 at the CCS Central Services Auditorium. Answering questions from the people is NOT on the agenda.

Editor's Note: **Ms. Sandra Stroud** is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, **Robert A** listens. When Sandra Stroud writes, **Robert A** publishes. If there is a typo, misspelling or unclear language, that is **Robert A's**, mistake, not Sandra Stroud.

Folks, there are more citizens like Sandra Stroud and **Robert A** in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed

drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to **Robert A.** Your identity will be protected. It is completely understood that **RETALIATION** is alive and well in Cleveland County.
