Communism: By Sandra Stroud
May 30th, 2023 CCS School
Board Special Called
Meeting!! CCSB VIOLATED THE
CONSTITUTIONAL RIGHTS OF
DANNY BLANTON AND RONNIE
GRIGG SOS, SOS, WE MUST NOT
LET THIS STAND!!! Save Our
Schools Sandra Stroud's
accurate comments forwarded
by Editor Robert A, Plus,
some independent comments of
his own!!**

Editor's Note: Remember when CCS Superintendent Stephen Fisher filed that \$3 Million\$ lawsuit against Sheriff Alan Norman in the name of the School Board, without telling the School Board? And the uproar that caused?? The CCSB didn't censure Stephen Fisher then and look what we get. Fisher, Queen and his "Waterboys" and a set of "RoadWhore" CCSB Lawyers are at it again!!! Hopefully, this time, us CC voters in 2023 will clean sweep the School Board of the real troublemakers and SOS (Save Our Schools) in the process.

Cleveland County Communism: by Sandra Stroud

Everything about that meeting of the CCSB called by Stephen Fisher and Robert Queen for May 30, 2023 was not just an act of evil, malice and pure Communistic actions toward Ronnie Grigg and Danny Blanton; but everything that was said and done was in error legally and constitutionally. You would think that a lawyer would be educated in law and would know that Robert Queen was violating the laws of the United States.

What we witnessed with that meeting is what is said and done to the people who live in Communistic Countries. This type of actions cannot stand in Cleveland County of the United States. We must fight back against Stephen Fisher and Robert Queen. We are a Country of LAWS; not dictatorship. Mr. Grigg and Mr. Blanton should employ a great Civil Rights Attorney and file lawsuits seeking punitive damages against Stephen Fisher, Robert Queen and their five "waterboys"/disciples on the CCSB and all of us should help them with their legal bills.

1. The meeting was called to "discuss" the ethics of an existing CCSB Policy.
2. No warning was issued that sanctions would be forthcoming.
3. Grigg and Mr. Blanton were NOT afforded legal representation.
4. No warning of misconduct was filed against Mr. Blanton and Mr. Grigg.
5. Existing policy was amended to afford the CCSB an opportunity to prosecute Mr. Grigg and Blanton.
6. Both men were denied the opportunity to speak about the crime of vandalism at Burns High School.

This was a trial carried out alike to Communist

Dictatorships. Those responsible for such an action must be held accountable or this will be continued. WE MUST NOT LET THIS STAND!!!

Sandra Stroud

Editor's Note Part 2: Sandra Stroud *has always* spoken her mind as she sees things. This time is no exception. The corrupt and evil shenanigans pulled on Danny Blanton and Ronnie Grigg in the 2022 School Board Elections by the Rogue Republican criminal syndicate and condoned by the CCGOP leadership gives absolute credibility to Sandra Stroud's true and accurate statements and comments. Unfortunately, we can all expect the very same thing from the Crooked Rogue Republicans in the 2024 Cleveland County elections. Only thing is, this time around a full slate of good Trump supporting Republican candidates will be recruited to run against the five Rogues on the School Board and the three Rogues on the Commissioner's Board in the 2024 Elections. This time it will be Truth running against Lies. Fact running against Fiction. Competence running against incompetence. The 2024 Elections will bring Cleveland County out of the Stone Age and into the 21st Century.

Stay tuned folks. Cleveland County is about to have a turn for the better!!

Editor's Note: **Ms. Sandra Stroud** is a fearless Champion of right and proper government in Cleveland County and the US. When Prayer at the beginning of School Board Meetings was the issue, Sandra Stroud stood up and voiced her strong support in front of 600+ citizens. When Shelby Schools refused to teach a deaf child, Sandra Stroud single-handedly made Shelby Schools mend their ways. When the Cleveland County Commissioners surrendered to a Federal Lawsuit against them by agreeing to a settlement that was Un-Constitutional; Sandra Stroud put her name and money behind a Federal Lawsuit and took the Cleveland County Commissioners to the US Federal Courts in Washington, DC and made the Commissioners mend their cowardly ways. When Sandra Stroud sends me her messages, I publish them. Word for Word. Sometimes satire, sometimes prose. When Sandra Stroud speaks, **Robert A** listens. When Sandra Stroud writes, **Robert A** publishes. If there is a typo, misspelling or unclear language, that is **Robert A's**, mistake, not Sandra Stroud.

Folks, there are more citizens like Sandra Stroud and **Robert A** in Cleveland County that want bullying stopped in our schools and in our School Board and education improved. We want no more corruption like what was found out about the Catawba Casino, the bribed sale of our hospital for 2 cents on the dollar, endless sales tax increase referendums, endless property revaluations where Cleveland County has deployed

drones to peep into our bedroom windows looking for whatever it is that they can use to raise property taxes over. And it goes on and on.

Stay tuned folks. If you want the truth, the whole truth and justified and logical speculation, you will get it here and perhaps not anywhere else in the same detail and depth of understanding. Also, folks, if you want to throw YOUR 2 cents into our knowledge base or just share your opinion, send it to **Robert A.** Your identity will be protected. It is completely understood that **RETALIATION** is alive and well in Cleveland County.
