Lady Liberty, “Connie,” Successfully Defeats False Arrest at June 12, 2023 CCS School Board Meeting!!! Foolish Robert Queen and Shelby Interim Police Chief Defeated by Female Military Veteran who stands up for America and Liberty!!! Eye Witness Report by Robert A

Cleveland County has a new HERO! A young woman, a US Military Veteran, who served America honorably and well, has now turned her fearless Patriotism toward defeating the unamerican forces of evil in Cleveland County. The Cleveland County School Board. And especially it’s Dictator wannabe, Chairman Robert Queen. This whole episode happened at the June 12, 2023 well attended CCS School Board meeting right in front of **Robert A**, who was sitting right there in the very front row.

This real-life “Lady Liberty” of Cleveland County had signed up for Public Participation under the name simply as “Connie.” When it came Connie’s time to speak, she clearly and forcefully explained that “Connie” was short for CONSEQUENCES! And there were going to be CONSEQUENCES coming down hard on the School Board for their repugnant, illegal, disgraceful, and foolish actions of suppression of Free Speech that Chairman Robert Queen and his Waterboys: Joel Shores, Ron

Humphries, Rodney Fitch, Greg Taylor and Walter Scott Spurling had stupidly put on Danny Blanton and Ronnie Grigg as a **Censure** at the May 30th, 2023 School Board Special Called fiasco of a Meeting.

Connie started off with School Board member Walter Scott Spurling. The same Walter Scott Spurling who sated at the May 30th Meeting that wrongdoing had consequences in regard to his "Waterboy" vote to falsely censure Blanton and Grigg. Connie was 100% correct about Spurling, who, in another lifetime, might have been a cowardly Benedict Arnold. I'm your "Connie," Lady Liberty told Spurling. "You are Nothing, Mr. Spurling." Joel Shores was the second one to be called out individually, along with the School Board lawyer Leigha Sink for "screwing up" by dodging the complaints against Robert Queen's at the May 30th meeting. Then Connie laid in on Robert Queen for all his many screwups. Threatening to arrest people for speaking up when they didn't agree with him and such.

But, Robert Queen, the smart-ass that he thinks he is, had apparently been silently plotting to go after Connie. He was going to show Connie who was boss. Or so he thought.

With just a few seconds to go in Connie's three minutes, Queen slammed his gavel down on Connie accusing her of making some kind of personal attacks on him because his wife just happened to be named Connie. Queen ordered the Shelby Policeman doing meeting security to remove the Lady Liberty Connie from the premises. WRONGGGGG!!! The Lady Liberty Connie refused to leave and said so. Lady Liberty, since her time was now up went back to her seat and sat down. Since Queen's plot failed, he continued to order the Shelby Police to remove Lady Liberty. The Shelby Policeman asked Lady Liberty to leave as a courtesy. But Lady Liberty, herself a Military Veteran, took the high ground and refused to leave. The Shelby Policeman, who clearly knew that Lady Liberty had NOT violated any laws, also took the high ground and took no action to forcibly

remove Lady Liberty as Robert Queen had surely hoped.\

Queen was in a dilemma of his own making. The all-high Dictator that Queen thought that he was, was being challenged and the Shelby Policeman was rightly refusing to follow Queens illegal order to remove Lady Liberty. And the room was full of people and the CCS video was running and the Cleveland County News video, not under Queen's authority, was running too. So, Queen had to do something. So, Queen calls for a 10-minute recess until the Shelby Police had removed Lady Liberty. Queen's statement was "This Meeting will not proceed until the police have removed this person." Queen and some of his waterboys left the room. Some stayed. ALL the audience, including **Robert A** and Lady Liberty stayed. Wondering what kind of mischief from Dictator Robert Queen was coming next.

Later a second Shelby Policeman shows up to back up the original officer. It was later told that Dictator Queen had called the interim Shelby Police Chief and told him who know what. The Shelby Police Chief allegedly told the two officers to remove Lady Liberty. So much for this Interim Chief becoming the actual Chief of the Shelby Police Department if he is going to blindly follow Dictator Queens orders.

None of this phases Lady Liberty. She is going to stay where she is no matter what. And she stays where she is. Leaving the Shelby Police in a dilemma also. To remove her forcibly or get their act together and realize that Lady Liberty had violated no laws. Despite all the pleadings and request to leave, Lady Liberty stands on the rights her forefathers fought and died for. And has totally defeated Dictator Robert Queen. Big Ego and all.

Queen, on the other hand, is left red-faced and distressed. Totally defeated by a woman who just called his hand and won. Then, Queen's waterboy buddy Ron Humphries found a place for Queen to hide in shame for a while to recover. And insult all those in the audience and at home watching the videos. All at

the same time. Humphries makes a motion to move the “Closed Session” from the end of the meeting to right then. Which Queen and his waterboys approve.

Folks, news about what happens next may be hazardous to your health if presented right now on top of this sickening episode. So, Stay tuned. You won’t believe what happens next.

Also Folks, you can watch the video Broadcast on the CCS website. However, CCS closes down the video process during any break. The better option is to go to Cleveland County News on Facebook and watch everything that happens. **Including an interview with Robert A during the Closed Session Break.**
