

Regular Republicans set to Cleanse School Board, Commissioners and CCGOP!!

As of Noon, last Friday, December 15, 2023, the numbers are in and the analysis is clear. The Rogue Republicans on the CC School Board, and on the CC Board of Commissioners are about to be “reckoned with” and the CCGOP is about to get taught a hard lesson for their continuous violations of the will of the people.

Let's start with the CCS School Board:

All five (a MAJORITY of the School Board) of the original set of the 2020 Rogue Republican sweep of the School Board are up for re-election and have filed for re-election. All their dirty political tricks have been exposed as well as their many lies to the people. Their credibility is shattered as well as their flimsy cover-ups of Chairman Robert Queen's many fits of anger and intemperance. These **FIVE** have signed up for re-election, but **Eight** good opponents have stepped up to put an end to their shenanigans.

Now, for the CC Board of Commissioners:

There are THREE seats open on the Board of Commissioners that are open in the 2024 Elections. Commissioner Ronnie Whetstine has already “smelled the Roses” of defeat and chose not to run for re-election. Leaving the foolish and sneaky Kevin Gordon and long-timer Johnny Hutchins all by themselves on the campaign trail trying to lie out of their poor performances. These TWO incumbents are facing FIVE challengers (**Robert A** being one of them) who ALL FIVE truly believe that they can do a better job as a Commissioner than Kevin Gordon and Johnny Hutchins.

And, then there is the CCGOP so-called leadership. Nobody who knows anything puts any trust in this crowd of misfits and “hangers-ons.” They are only a very, very small (tiny) percentage of the CC-registered Republican voters in Cleveland County. Their only function, which is poorly placed, is to appoint their buddies to any vacancy in office that might come along. Their track record doing that has been shown to be disastrous. Kevin Gordon being their last and worst example.

So, Mr. Robert A Williams, what is your point here??

Robert A's “Point” is this: When the 2024 Primary Elections are over in early March 2024, These **FIVE** “lame duck” School Board Members and THREE CC Commission, will still remain in office until the newly elected candidates are sworn in in December 2024. Leaving them with **NINE MONTHS** of **MISCHIEF** still at their disposal.

This is what **Robert A.** recommends: A simple two-step process!!

1. All School Board incumbents that are defeated in the March 2024 School Board Primary Elections **RESIGN** And the CCGOP Executive Committee be FORCED to appoint winning candidates in the 2024 Primary Elections to fill those vacancies.
2. All Commissioner incumbents, including Ronnie Whetstine, that are defeated in the 2024 Commissioner's Primary Elections RESIGN immediately, and the CCGOP Executive Committee be **FORCED to APPOINT** winning candidates in the 2024 Republican Primary Elections to fill those vacancies.

Robert A. believes that this will best allow the **will of the people** to be heard and implemented. And as soon as possible!!!

Look around folks!!! The government in America, at every level, is full of lies, dirty political tricks, waste, and corruption. We folks here in Cleveland County ought to take every opportunity that is available to straighten out the many messes we have right here in our own backyards. Front yards too. See below for one way to do that!!!
