

CC Commissioner Candidate Robert A. Williams Thanks Voters!!

Folks, Robert A. Williams sincerely thanks all the voters in Cleveland County who cast their votes for him in this past 2024 Republican Primary Election for Cleveland County Commissioner. Although Robert A did not win election to the Commissioner's position, the overall effect of Robert A's candidacy has reached far into the results for other candidates for Commissioner and especially other offices and other candidates who won in ways that please Robert A greatly.

Soon, Robert A will be back to writing about all of the side benefits that your vote for Robert A provided to Robert A as well as in other important races.

Right now, Robert A is doing a final "round-up of his campaign signs for perhaps another candidacy in 2026. Most of Robert A's signs, at least the signs that were not stolen, are in very good shape. Although the winds bent up a goodly amount of the wires beyond repair. But, hey, some new wires and Robert A will be in the campaign business again. If he so chooses.

Folks, if you come across a Williams for Commissioner campaign sign anywhere, please pull it up for me. You can dispose of it or keep it if you please as a souvenir.

Also, folks, Stay tuned. There will soon be forthcoming articles about the many consequences of these 2024 elections. The good, the bad and the ugly. And, there were lots of ugly things that happened. Especially in the School Board elections where Rodney Fitch not only lost his re-election bid, but also lost his job at the CC Sheriff's Office over an unfortunate incident at the Shelby "Early Voting" site. Which was all

totally unnecessary!!! According to sources, today is Mr. Fitch's last day at the Sheriff's Office. **Robert A** wishes Mr. Rodney Fitch well.
